ASSIGNMENT OF APPLICATION

Docket Number
07KAR007

Whereas, I, Heiner Faber of Taunusstein, Germany, hereafter referred to as applicant, have invented certain new and useful improvements in Method and computer program product for registering biomedical images with reduced imaging artifacts caused by object movement

for which an application for a United States Patent was filed on 03-Aug-2007
Application Number 11/815,449

for which an application for a United States Patent was executed on _____, and

Whereas, Bracco Imaging S.p.A. of Milano, Italy here referred to "assignee" whose mailing address is Via E. Folli 50, 20134 Milano, Italy is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, in consideration of the sum of one dollar (\$ 1.00), the receipt whereof is acknowledged, and other good and valuable consideration, I, the applicant, by these presents do sell, assign and transfer unto said assignee the full and exclusive right to the said invention in the U.S. and all foreign countries and the entire rights, title and interest in and to any and all Patents which may be granted therefore in the United States and any foreign countries. I hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue a U. S. Patent to said assignee, and the Directors of any foreign patent offices to issue any related foreign patents, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

I hereby authorize and request my attorney of record to insert the filing date and application number of said application in the above blank spaces when known.
