ASSIGNMENT OF PATENT APPLICATION

Whereas, we, Xudong Wang, a citizen of China, Yun Wu, a citizen of Canada, Chao Gui, a citizen of China, Xiaojing Tao, a citizen of Canada, Weilin Wang, a citizen of the United States, and Michael Nova, a citizen of the United States, hereinafter referred to as “Assignors”, have invented an invention entitled “System and Method for Timeslot and Channel Allocation” for which the United State patent application is filed herewith; and

Whereas, Kiyon, Inc., a corporation organized and existing under the laws of the State of California, hereinafter referred to as “Assignee”, whose principal place of business is at 9381 Judicial Drive, Suite 160, San Diego, California 92121 wishes to acquire the full and exclusive right, title and interest in the Invention, the application, and any patents and equivalent legal protections that are obtained thereon in the United States and in any foreign countries;

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignors hereby sell, assign and transfer to Assignee, its successors and assigns, the full and exclusive right, title and interest in the Invention, the application, and any patents and equivalent legal protections that are obtained thereon in the United States and in any foreign countries, including any continuations, divisions, renewals, substitutes, reissues or legal equivalents thereof, for the full term(s) for which the same is granted, including all priority rights under the International Convention.

Assignors, in accordance with this Assignment, hereby authorize and request the United States Commissioner for Patents, and officials of foreign countries whose duty it is to issue patents or legal equivalents thereof, to issue any patents obtained on the Invention to Assignee, its successors and assigns.

Assignors covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into by them individually that would conflict with this Assignment.

Assignors further covenant that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to this Invention and any applications, patents or legal equivalents directed thereto that are known and accessible to Assignors, and that Assignors will testify in any interference or litigation related thereto.
Assignors further covenant that they will promptly execute and deliver to Assignee or its legal representative any documents, instruments or affidavits required to apply for, obtain, maintain, issue and enforce this Invention and any applications, patents or legal equivalents directed thereto in the United States or in any foreign country.
