ASSIGNMENT

WHEREAS, I, Ronald Hoover, residing at 622 Pierce Street, Baton Rouge, Louisiana 70809, have made certain new and useful inventions and improvements for which I filed an application for Letters Patent of the United States on September 28, 2004, application Serial No.10/951,741, which is entitled "Tackle Container With Interchangeable Inserts."

AND WHEREAS, Caraustar Industrial and Consumer Products Group, Inc. , a corporation organized and existing under and by virtue of the laws of the State of Delaware, and having an office and place of business at Austell-Powder Springs Road, Suite 300, Austell, Georgia 30106 (hereinafter "Assignee") is desirous of acquiring the entire right, title and interest in and to said inventions, improvements and application and in and to the Letters Patent obtained and to be obtained therefor;

NOW THEREFORE, to all whom it may concern, be it known that for and in consideration of the sum of One Dollar and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, pursuant to an Asset Purchase Agreement between the above parties, executed on this same date, I have sold, assigned, and transferred, and by these presents do sell, assign and transfer unto said Assignee, its successors or assigns, the entire right, title and interest for all countries in and to all inventions and improvements disclosed in the aforesaid application, and in and to the application, all divisions, continuations, or renewals thereof, all Letters Patent which may be granted therefrom, and all reissues or extensions of such patents, and in and to any and all applications which have been or shall be filed in any foreign countries for Letters Patent on the inventions and improvements, including an assignment of all rights under the provisions of the International Convention, and all Letters Patent of foreign countries which may be granted therefrom; and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States Letters Patent for the aforesaid inventions and improvements to the Assignee as the assignee of the entire right, title and interest in and to the same, for the use of the Assignee, its successors and assigns.

AND, for the consideration aforesaid, I do hereby agree that I and my executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said Assignee, its successors and representatives all facts known to us relating to said improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary
