## ASSIGNMENT

Whereas I, Devin Benner, of Pleasant Ridge, Michigan, have invented certain new and useful improvements in EAR PLUG (hereinafter referred to as the "Invention") for which an application for a United States Design Patent was filed on October 10, 2007 as Application Serial No. 29/295,928;

I hereby assign, sell and transfer unto McKeon Products, Inc.. And I hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Design Patent to Assignee;

And I agree to execute all necessary and lawful future documents, including assignments in favor of Assignee or its designees, as Assignee or its designees may from time to time present to me in order to perfect the title in the Invention and Design Patent of the United States and countries foreign thereto;

And I further agree to sign and properly execute such necessary and lawful papers for application for foreign patents; filing divisions, continuations or continuations-in-part applications for the Invention; and/or obtaining any reissue of any Letters Patent which may be granted for the Invention, as the Assignee shall hereafter require and prepare at its own expense.
