ASSIGNMENT

U.S. Appl. No.: 11/994,114 U.S. Appl. Filing Date: December 27, 2007

I/we, ~~MICHAEL SITTINGER, a citizen of Germany, residing at Griembergweg 34a, Berlin, Germany, 12305;~~ **ESZTER TÁNCZOS**, a citizen of Germany, residing at Bergstrasse 8, Kuesnacht, Switzerland, 8700; and **CHRISTIAN KAPS**, a citizen of Germany, residing at Arndtstrasse 21, Berlin, Germany, 10965, have made, alone or with others, at least one invention, improvement or discovery described in the above-referenced patent application entitled

CELL-FREE GRAFT

and bearing the above-referenced Attorney Docket Number **S-1027-US**.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, I hereby transfer, set over and assign to **TransTissue Technologies GmbH**, a corporation formed under the laws of Germany, and having a place of business at Tucholskystr. 2 – Charité, Berlin, Germany, 10117, its successors and assigns, my entire right, title and interest in, to and under the above-referenced patent application and all inventions, improvements and discoveries, whether joint or sole, disclosed therein, and the resultant patent or patents thereon and any renewals, reissues, extensions, substitutions, continuations, continuations-in-part or divisions thereof, including all priority rights arising in other countries from said application and all foreign rights in and to said inventions, improvements and discoveries.

I further warrant that the rights conveyed herein are free and clear of all encumbrances, and I agree to execute such further papers, and perform such other proper acts as **TransTissue Technologies GmbH** may deem necessary to secure to it the rights herein conveyed; and I hereby authorize the completion of the spaces above for insertion of the U.S. Application Number and filing date of said national phase application if unknown at the time of my execution of this document.

Executed under seal this ____ day of _____, 2007, at

_____.

ASSIGNMENT

U.S. Appl. No.: 11/994,114 U.S. Appl. Filing Date: December 27, 2007

WHEREAS, pursuant to that certain agreement entitled:

CELL-FREE GRAFT

dated _____, Charité Universitätsmedizin Berlin has agreed to assignment its rights in the invention which is the subject of the above-identified United States patent application and bearing the above attorney docket number,

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Charité Universitätsmedizin Berlin hereby transfers, sets over and assigns to TransTissue Technologies GmbH, a corporation formed under the laws of Germany, and having a place of business at Tucholskystr. 2 – Charité, Berlin, Germany, 10117, its successors and assigns, its entire right, title and interest in, to and under the above-referenced patent application and all inventions, improvements and discoveries, whether joint or sole, disclosed therein, and the resultant patent or patents thereon and any renewals, reissues, extensions, substitutions, continuations, continuations-in-part or divisions thereof, including all priority rights arising in other countries from said application and all foreign rights in and to said inventions, improvements and discoveries.

Charité Universitätsmedizin Berlin further warrants that the rights conveyed herein are free and clear of all encumbrances, and agrees to execute such further papers, and perform such other proper acts as TransTissue Technologies GmbH may deem necessary to secure to it the rights herein conveyed; and hereby authorizes the completion of the spaces above for insertion of the U.S. Application Number and filing date of said national phase application if unknown at the time of execution of this document.
