## ASSIGNMENT

WHEREAS, I, Yun-Shik Lee, of Corvallis, County of Benton, State of Oregon have invented a certain invention, entitled "Generation of Terahertz Radiation in Orientation-Patterned Semiconductor", for which I have submitted an invention disclosure to the Office of Technology Transfer, OSU-07-28 and;

WHEREAS, the State of Oregon acting by and through the State Board of Higher Education on behalf of Oregon State University, having a place of business at Corvallis, Oregon 97331-2140, is desirous of acquiring an interest therein:

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, I, Yun-Shik Lee, hereby sell, assign and transfer to the State of Oregon acting by and through the State Board of Higher Education on behalf of Oregon State University, the full and exclusive right, title and interest in and to said invention, patent application and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by the State of Oregon acting by and through the State Board of Higher Education on behalf of Oregon State University, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to the State of Oregon acting by and through the State Board of Higher Education on behalf of Oregon State University, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful

oaths, and do everything possible to aid the State of Oregon acting by and through the State Board of Higher Education on behalf of Oregon State University, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.

Executed at the place and date opposite my respective signature below.
