ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, paid to each of the Undersigned Inventors:

Istvan G. Paulik, 521 North Rainbow Drive, Hollywood, Florida 33021, USA

each such Undersigned Inventor hereby sells and assigns to **Vented Brakes, Inc.** (the Assignee), having a place of business at 2061 NW 47th Terrace, #302, Lauderhill, Florida, 33313 his or her entire right, title and interest for the United States of America (as defined in 35 U.S.C. § 100) and throughout the World in all invention(s) described or claimed in:

United States Utility Patent Application 11/074,096 filed March 7, 2005

and in any and all applications thereon concerning:

Cycle Brake Cooling System

and in any and all Letters Patent(s) therefor, and in any and all reissues, extensions, renewals, reexaminations of such applications or Letters Patent(s) and divisional, continuation and continuations-in-part applications thereof, to the full end of the term or terms for which such Letters Patent(s) issue, including all claims, if any, that may have arisen for infringement prior to the date of this Assignment, such entire right, title and interest to be held and enjoyed by the above-named Assignee to the same extent as they would have been held and enjoyed by the Undersigned Inventor had this assignment and sale not been made.

Each such Undersigned Inventor agrees to execute all papers necessary in connection with the application(s) and any continuing (continuation, divisional, or continuation-in-part), reissue, reexamination or corresponding application(s) thereof and also to execute separate assignments in connection with such application(s) as the Assignee may deem necessary or expedient.

Each such Undersigned Inventor agrees to execute all papers necessary in connection with any interference, opposition, or other proceeding that may be declared concerning the application(s) or any continuing (continuation, divisional, or continuation-in-part), reissue or reexamination application thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference.

Each such Undersigned Inventor hereby represents that he or she has full right to convey the entire interest herein assigned, and that he or she has not executed, and will not execute, any agreement in conflict therewith.

Each such Undersigned Inventor hereby grants Melvin K. Silverman (Reg. No. 26,234) the power to insert in this Assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

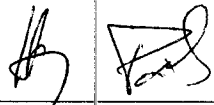

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which shall together constitute one Agreement.

Each such Undersigned Inventor declares under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

IN WITNESS WHEREOF, this Assignment is executed by each such Undersigned Inventor on the date opposite his or her name.

Istvan G. Paulik, Hollywood, Florida, USA
