WHEREAS, I, Scott Johnson, of Anoka, Minnesota, have invented certain new and useful improvements in WRENCH HANDLE, for which a design patent application has been made, said application which may be identified in the United States Patent & Trademark Office by Application No. \_\_\_\_\_, filed \_\_\_\_\_.

WHEREAS, Todd D. Ganz ("Assignee"), an individual residing at 21471 Ulysses Street N. E., East Bethel, Minnesota 55011, is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration to me in hand paid by said Assignee, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to said invention, said utility application, all applications claiming priority to said utility application including all divisions, continuations or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of my rights under the International Convention, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith.

Upon said consideration I do hereby covenant and agree with the said Assignee, his successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, his successors and assigns, execute such additional writings and do such additional acts as said Assignee, his successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.
