ASSIGNMENT

THIS ASSIGNMENT made the 6th day of July 2005.

BETWEEN

HENKEL LOCTITE (IRELAND) LIMITED, of Tallaght Business Park, Whitestown, Tallaght, Dublin 24, Ireland (hereinafter called "the Transferor") of the one part; and

LOCTITE (R&D) LIMITED, of Tallaght Business Park, Whitestown, Tallaght, Dublin 24, Ireland (hereinafter called "the Transferee") of the second part

WHEREAS GEOFFREY FRANCIS SEYMOUR a citizen of Ireland of Sugar Loaf Farm, Kilmacanogue, Co. Wicklow, Ireland and **DAVID JAMES GIBSON** a citizen of Ireland of 19 Priory View, St. Raphaels Manor, Celbridge, Co. Kildare, Ireland (hereinafter called "the inventors") claim to be the true and first inventors of an invention relating to a "A Container" and authors of related designs which invention and design was made by them out of and in the course of their employment with Transferor and for which an Irish Patent Application is being filed on 5th July 2005 and which was included in an Application for a Registered Design (Application no. 000349089) was filed on 2nd June 2005.

AND WHEREAS the inventors held the modified invention and all patent, design and other rights and powers obtainable and exercisable in respect thereof in trust for the Transferor

AND WHEREAS the said invention is to be included in a patent application and design entitled " A Container".

AND WHEREAS by an Assignment dated the 6th day of July 2005 the inventors have assigned to the Transferor absolutely the modified invention, copyright and any improvements therein or modifications thereof, and any know-how relating thereto together with all rights and interests in the same including the right to a patent, a design and all rights and powers to make applications for patents and designs in the name of the Transferor, or in the name of their assignee or nominee, as sole or joint applicants, in Ireland or in or for any other country of the world whether under the Patent Co-operation Treaty or otherwise in respect of the invention or the design or improvements therein or modifications thereof, together with all rights and benefits arising therefrom under the International Convention for the Protection of Industrial Property or the Treaty Establishing the World Trade Organisation

AND WHEREAS by virtue of a Technology Transfer Agreement dated the 23 December 1997 the Transferor transferred to the Transferee certain patents and patent applications and intangibles relating to the patents and patent applications and certain other intangibles relating to the development of inventions relative to chemical products or adhesives and all other intangibles which the Transferor possesses

AND WHEREAS in pursuance of the said Technology Transfer Agreement the Transferor has agreed to assign to the Transferee all that which the Inventors have assigned to the Transferor

NOW THIS ASSIGNMENT WITNESSETH as follows:

1. In consideration of the sum of Euro €1.00 paid by the Transferee to the Transferor (the receipt of which is hereby acknowledged), the Transferor hereby assigns to the Transferee absolutely the invention, the designs, copyright and any improvements therein or modifications thereof and any know-how relating thereto with all rights and interests in the **PATENT** including

the right to a patent, a design and all rights and powers to make applications for patents in the name of the Transferee, or in the name of their assignee or nominee, as sole or joint applicants, in Ireland or in or for any other country of the world whether under the Patent Co-operation Treaty or otherwise therein respect of the invention the designs or improvements in or modifications thereof, together with all rights and benefits arising therefrom under the International Convention for the Protection of Industrial Property or the Treaty Establishing the World Trade Organisation.

2. The Transferor hereby covenants with the Transferee as follows:

(i) that it will (so far as necessary) permit and enable the Transferee to apply for and will take all reasonable steps to assist the Transferee or its assignee or nominee in obtaining the grant of patent or like protection in respect of the invention hereinbefore assigned in any territory as may be required by the Transferee

(ii) that it will at the request and cost of the Transferee execute and do all such documents, acts and things as may be necessary for the purpose of sub-paragraph (i) hereof and for vesting any relevant invention, application for patent, patent or know-how, in the Transferee or its assignee or nominee absolutely.

IN WITNESS WHEREOF this Assignment has been executed the day and
