PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT ("Assignment"), effective as of this 31st day of August, 2007 ("Effective Date"), is from GENERAL ELECTRIC COMPANY, a corporation organized and existing under the laws of the State of New York ("Assignor"), to SABIC INNOVATIVE PLASTICS IP B.V., a corporation organized and existing under the laws of The Netherlands ("Assignee").

WHEREAS, Assignor, SABIC Innovative Plastics Holding B.V. (formerly known as SABIC Engineering Plastic Holding B.V. i.o.) and SABIC Holding Europe B.V. previously entered into the Stock and Asset Purchase Agreement (as amended, restated or otherwise modified, the "SAPA"), dated May 21, 2007;

WHEREAS, Assignor is the owner of the patents and patent applications listed in the attached Schedule A (the "Assigned Patents"); and

WHEREAS, Assignee desires to acquire the Assigned Patents, and Assignor desires to assign the Assigned Patents to Assignee.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged:

1. Assignor does hereby sell, assign and transfer to Assignee its entire worldwide right, title and interest in the Assigned Patents, the same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term or terms for which said Assigned Patents are granted or reissued or extended as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, as assignee of its entire right, title and interest therein and in and to all income, royalties, damages and payments now or hereafter due or payable with respect thereto in and to all causes of action (either in law or in equity) and the right to sue, counterclaim, and recover for past, present and future infringement of the rights assigned or to be assigned under this Assignment, in all cases under this Paragraph 1 subject to the terms and conditions of the SAPA.
2. This Assignment is binding upon, and inures to the benefit of, the parties and their respective legal representatives, successors and assigns.
3. Assignor hereby requests the U.S. Commissioner of Patents and Trademarks and/or the applicable foreign authorities to record this Assignment.
4. It is understood that any finding of invalidity of one assignment as effected hereby shall not affect the assignment of other Assigned Patents.
5. All questions concerning the construction, validity and interpretation of this Assignment and the performance of the obligations imposed by this Assignment shall be governed by, and construed in accordance with, the laws of the State of New York without regard to the choice

of law principles thereof other than Sections 5-1401 and 5-1402 of the General Obligations Law of the State of New York.

6. Upon reasonable request by Assignee, and at a reasonable cost to be shared equally by Assignee and Assignor, Assignor will execute additional documents and take other action as may be necessary or desirable to record or memorialize the assignments of the Assigned Patents set forth herein, and to vest in Assignee such right, title, and interest in and to the Assigned Patents as granted to Assignee.
7. No waiver, modification or change of any of the provisions of this Assignment shall be valid unless in writing and signed by the party against whom such claimed waiver, modification or change is sought to be enforced.

IN WITNESS WHEREOF, the parties hereto, through their authorized representatives, have caused this Assignment to be duly executed and delivered as of the Effective Date.
