**ASSIGNMENT OF PATENT APPLICATION**

FOR GOOD AND VALUABLE CONSIDERATION,

I, Rong-Chang Liang, ("Assignor") being an inventor of the invention referred to as Curable Adhesive Compositions, Process, and Applications, in acknowledgement of good and valuable consideration received, do hereby sell, assign and transfer forever unto Trillion Science, Inc., a corporation organized under the laws of Bermuda and having address 625B Clyde Avenue, Mountain View, CA 94043 ("Assignee"), and its successors, assigns and legal representatives, the entire right, title and interest, for said invention and as described in an application for Letters Patent of the United States, identified as Attorney Docket No. T030-8050, and the invention(s) and improvement(s) set forth therein, and any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said application for said Letters Patent, and all the rights and privileges under any and all Letters Patent that may be granted in any country, and any reissues, or reexaminations, or extensions of said Letters Patent, and including all rights, if any, to sue for past infringement. Assignor requests that any and all Letters Patent for said inventions in the United States or abroad be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

Assignor agrees that, when requested, Assignor will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

Assignor authorizes Assignee to act on behalf of the Assignor in the preparation and prosecution of patent applications, continuations, continuations-in-part, and divisionals in the United States and abroad. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue any and all Letters Patent that may be granted upon any patent application or any additional, continuing or divisional applications thereof to the Assignee, its successors and assigns.

Assignor authorizes and empowers Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

Assignor hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International convention which may henceforth be substituted for it.

Assignor covenants with Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that Assignor have full right to convey the same as herein expressed.

IN WITNESS WHEREOF, Assignor has hereunto signed on the day and year set forth below.
