ASSIGNMENT

(1) Remco Swart of Bussum, The Netherlands and (2) Guillaume Tremintin of Sixt sur Aff, France ("Inventors") have invented certain new and useful improvements in a device disclosed and claimed in PCT International Application No. PCT/DE2006/002140 entitled SAMPLE INJECTOR, IN PARTICULAR FOR HIGH-POWER LIQUID CHROMATOGRAPHY filed December 1, 2006 (the "PCT application") which claimed priority from German Patent Application No. 10 2005 057 463.7 filed December 1, 2005 ("German application"). An application for United States Letters Patent which corresponds to the PCT application is being concurrently filed herewith in accordance with 35 U.S.C. §371. Any and all inventions disclosed in the PCT application, German application, and the corresponding U.S. patent application concurrently filed herewith will be referred to herein as the "Invention."

Dionex Softron GmbH ("Dionex") having a mailing address of Dornierstrasse 4, 82110 Germering, Germany, desires to acquire the entire right, title, and interest in the Invention.

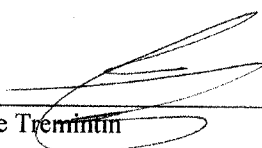

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Inventors do hereby sell, assign, and transfer unto Dionex, the entire right, title, and interest, in and to the Invention, including the entire right, title, and interest in and to the above-identified PCT application, German application, and U.S. application. This assignment shall be effective for the territory of the United States of America and for all foreign countries and shall include all priority rights claimed from the PCT application and the German application. The Invention, U.S. application, and any U.S. Letters Patent issuing from the U.S. application or continuation, continuation-in-part, or division thereof, and any reissue of any such patent, to be held and enjoyed by Dionex, for its own use, and for its legal representatives and assigns as fully and entirely as the same would have been held by the Inventors had this assignment and sale not been made. Inventors further agree to cooperate with Dionex in the prosecution of any and all U.S. patent applications for the Invention.
