ASSIGNMENT

Whereas, the undersigned Inventor, Lutz Rebstock, a resident of Gaienhofen, Germany, has invented a certain new and useful improvement in:

Scalable stockers with automatic handling buffer

and has executed a declaration or oath for an application for a United States patent disclosing and identifying the invention, the invention has been filed on February 4, 2008, with docket number DMS025B.

Whereas, Dynamic Micro Systems, Semiconductor Equipment GmbH, hereafter referred to as "assignee", whose mailing address is Im Wiesengrund 17, 78315 Radolfzell, Germany, wishes to acquire the entire right, title and interest in the same.

Now, therefore, for good and valuable consideration acknowledged by said Inventor to have been received in full from said Assignee, said Inventor does hereby sell, assign, and transfer unto said Assignee the entire right, title and interest

(a) in and to said invention and said application, including any provisional application for which said application claims benefit;

(b) in and to all rights to apply in any or all countries in the world for patents, certificates of inventions or other governmental grants on said invention, including the right to apply for patent pursuant to the International Convention for the Protection of Industrial Property or pursuant to other convention, treaty, agreement, or understanding;

(c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States or any other country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications, including any provisional application for which said applications claim benefit;

(d) in and to each and every reissue or extension of any of said patents; and

(e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor, his or her respective heirs, legal representatives and assigns.

IN WITNESS WHEREOF, said Inventor has executed this instrument on the date as given below and delivered this instrument to said Assignee:

February 4, 2008
