ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

WHEREAS Sean A. Moore ("Assignor"), a citizen of the United States of America, residing in the State of Texas, at 3719 Leeland Street, Houston, Texas 77003-5519, owns certain inventions in patents and pending patent applications referenced in Schedule A attached hereto; and

WHEREAS Shower Solutions, LLC ("Assignee"), a limited liability company of the State of Illinois, with an address of 120 Lakeview Parkway, Vernon Hills, Illinois 60061, is desirous of acquiring the entire interest in, to and under said inventions as United States Letters Patent, as patent applications that United States Letters Patent to be obtained therefor, and as related corresponding patents and patent applications in foreign countries;

NOW, THEREFORE, in consideration of and in exchange for the sum of Ten Dollars (\$10.00) and other good and valuable consideration, receipt of which is hereby acknowledged, said Assignor does hereby sell, assign and transfer to Assignee the full and exclusive right, title and interest to said inventions as United States Letters Patent, as patent applications that United States Letters Patent are to be obtained therefor, and as related corresponding patents and patent applications in foreign countries or any continuation, continuation-in-part, division, renewal, extension, substitute, reexamination or reissue thereof throughout the world, together with all rights under the International Convention for the Protection of Industrial Property and any other similar treaties or agreements, for the full term or terms for which the same may be granted; together with all income, royalties, damages or payments resulting from or attributable to activity or conduct after the effective date of this Assignment, and the right to sue and collect for all future, present and past infringements thereof, including infringements which may have occurred

prior to the execution of this Assignment.

Assignor hereby agrees (a) to execute (i) all necessary papers throughout the world to be used in connection with the patents set forth on attached Schedule A, including the worldwide rights to the inventions described and claimed therein, and any reissues, reexaminations, divisions, continuations, renewals, extensions and continuations-in-part therefor, as Assignee may deem necessary or expedients, (ii) all papers in connection with any interference, legal or other proceedings throughout the world worked to maintain, protect or enforce, or otherwise relating to, the aforesaid patents, including the worldwide rights to the inventions described therein, or any reissues, reexaminations, divisions, continuations, renewals, extensions and continuations-in-part therefor, and (iii) all papers and documents which may be necessary throughout the world in connection with the preparation and filing of any foreign applications or with making claims to priority rights granted under the provisions of the International Convention for Protection of Industrial Property or similar agreements; (b) to cooperate with Assignee at Assignee's expense in every way reasonably possible in obtaining evidence and going forward in any such proceedings throughout the world; and (c) at Assignee's expense to perform all other affirmative acts which in Assignee's reasonable discretion may be necessary or desirable throughout the world to maintain, protect or enforce the aforesaid patents, including the worldwide rights to the inventions described and claimed therein, and any reissues, reexaminations, divisions, continuations, renewals, extensions and continuations-in-part therefor. These obligations of assistance by Assignor shall survive closing related to the parties' Asset Purchase Agreement and shall continue for so long as Assignee may require such assistance from Assignor.

This Assignment includes the right, where such right can be legally exercised by

Assignee, in its own name, to apply for and obtain patents in countries foreign to the United States of America, including the full right to claim for such applications the benefits of the International Convention for Protection of Industrial Property or similar agreements, as fully and entirely as Assignor could have done if the applications had been filed in its name, and the entire interest in any patents which may be granted on any such applications in such foreign countries.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and the appropriate officials in any other country, to issue any and all Letters Patent that may be granted upon any patents or any reissues, reexaminations, divisions, continuations, renewals, extensions and continuations-in-part therefor covered by this Assignment to Assignee, its successor and assigns. ASSIGNOR hereby covenants and warrants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

Assignor hereby grants to the law firm of Michael Best & Friedrich LLP of Chicago, Illinois, authority and power to insert on this instrument any further information that may be necessary or desirable for identifying any of the patents listed on attached Schedule A for purposes of recordation in the United States Patent and Trademark Office or a governmental agency of any foreign country.

[Signature page follows]

This Assignment is executed this 25th day of October, 2006.
