TECTONIC SOLUTIONS, INC. PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (this "**Assignment**") is executed and delivered as of January 31, 2008, by Tectonic Solutions, Inc., a Georgia corporation ("**Assignor**"), in favor of Tectonic Partners, Inc., a Georgia corporation ("**Assignee**").

WHEREAS, Assignor has agreed to assign to Assignee its interest in (i) the patents and patent applications, and (ii) all divisions, reissues, reexaminations, substitutions, continuations, continuations-in-part, foreign counterparts, and extensions of the patents and patent applications, in each case listed on Schedule 1 hereto (the "**Assigned Patents**").

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are acknowledged, the parties hereby agree as follows:

1. Assignor hereby conveys, transfers, and assigns to Assignee any and all right, title, and interest of Assignor in and to the Assigned Patents and all related common-law rights and all goodwill associated therewith and the right to sue and recover (for the sole use and benefit of Assignee and its successors, assigns, or other legal representatives) damages for past, present and future infringement, misappropriation, dilution or other violation thereof or damage thereto.

2. Assignee is to hold all right, title, and interest in and to the Assigned Patents as fully and exclusively as it would have been held and enjoyed by Assignor had the assignment in Section 1 not been made.

3. Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and the equivalent office in each country in which the Assigned Patents are registered to record Assignee as the assignee and owner of the Assigned Patents and to issue any patents which may be granted on any applications included in the Assigned Patents to Assignee as assignee of the entire right, title and interest therein and thereto.

4. This Assignment is valid as between the parties as of the date first written above. Assignor agrees, without additional consideration, to take such further actions and to execute any powers of attorney, applications, assignments, declarations, affidavits, and other papers necessary or desirable to transfer, vest, record and perfect good, valid and marketable title in the Assigned Patents to the Assignee.

5. This Agreement shall be governed by and construed in accordance with the laws of the State of New York regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof.

IN WITNESS WHEREOF, Assignor has executed this Assignment as of the date first written above.

TECTONIC SOLUTIONS, INC.
