PATENT AND TRADEMARK SECURITY AGREEMENT

This Patent and Trademark Security Agreement (this "Agreement"), dated as of February 5, 2008, is made by and among Sportex Holdings LLC, a Texas limited liability company, Sportex Construction Services, Inc., a Georgia corporation, Sportex LLC, a Delaware limited liability company, Aviation Investment Holdings LLC, a Delaware limited liability company, AvTurf, L.L.C., an Illinois limited liability company, Aeroturf Holdco LLC, a Delaware limited liability company, Aeroturf ULC, an unlimited liability company formed under the laws of Alberta, Canada, Triex Holdco LLC, a Delaware limited liability company, Triex Management Group ULC, an unlimited liability company formed under the laws of Alberta, Canada, and Sportex Fiber Optic LLC, a Delaware limited liability company, each having a business location at the address set forth below next to its respective signature (each, individually, a "Company" and collectively, the "Companies"), and Wells Fargo Bank, National Association (the "Secured Party"), acting through its Wells Fargo Business Credit operating division, and having a business location at the address set forth below next to its signature.

Recitals

The Companies and the Secured Party are parties to a Credit and Security Agreement of even date herewith (as the same may hereafter be amended, supplemented, restated or otherwise modified from time to time, the "Credit Agreement") setting forth the terms on which the Secured Party may now or hereafter extend credit to or for the account of the Companies.

As a condition to extending credit to or for the account of the Companies, the Secured Party has required the execution and delivery of this Agreement by the Companies.

ACCORDINGLY, in consideration of the mutual covenants contained in the Loan Documents and herein, the parties hereby agree as follows:

1. Definitions. All terms defined in the Recitals hereto or in the Credit Agreement that are not otherwise defined herein shall have the meanings given to them therein. In addition, the following terms have the meanings set forth below:

"Patents" means all United States and foreign patents or applications for patents, as presently existing or hereafter arising or acquired, that are owned by or under obligation of assignment to any of the Companies, including all rights, title, and interest arising thereunder, including, without limitation, fees or royalties with respect to each, the right to sue for past infringement and damages therefor, and licenses thereunder. This definition includes, without limitation, the patents listed on Exhibit A.

"Security Interest" has the meaning given in Section 2.

"Trademarks" means all United States and foreign trademarks, service marks, collective membership marks, registrations and applications for registration for each, as presently existing or hereafter arising or acquired, that are owned by or under obligation

of assignment to any of the Companies, including all rights, title, and interest arising thereunder, including without limitation: (i) the respective goodwill associated with each, (ii) licenses, fees or royalties with respect to each, (iii) the right to sue for past, present and future infringement, dilution and damages therefor, and (iv) licenses thereunder. This definition includes, without limitation, the marks listed on Exhibit B.

2. **Security Interest.** Each Company hereby irrevocably pledges and assigns to, and grants the Secured Party a security interest (the "Security Interest") with power of sale to the extent permitted by law, in the Patents and in the Trademarks to secure payment of the Indebtedness; provided that such grant shall not apply to the extent it would cause the termination, invalidation, voiding, cancellation, degradation or abandonment of such Patents or Trademarks. As set forth in the Credit Agreement, the Security Interest is coupled with a security interest in substantially all of the personal property of the Companies. This Agreement grants only the Security Interest herein described, is not intended to and does not affect any present transfer of title of any patent or trademark registration or application and makes no assignment and grants no right to assign or perform any other action with respect to any intent to use trademark application, unless such action is permitted under 15 U.S.C. § 1060.

3. **Representations, Warranties and Agreements.** Each Company represents, warrants and agrees as follows:

(a) **Existence; Authority.** Such Company is a corporation, limited liability company or unlimited liability company, as applicable, duly organized, validly existing and in good standing under the laws of its jurisdiction of formation, and this Agreement has been duly and validly authorized by all necessary corporate, limited liability company or unlimited liability company action, as applicable, on the part of such Company.

(b) **Patents.** Exhibit A accurately lists all Patents owned or under obligation of assignment to each Company and accurately reflects the existence and status of applications and letters patent pertaining to the Patents as of the date hereof. If after the date hereof, any Company owns, controls or has a right to have assigned to it any Patents not listed on Exhibit A, or if Exhibit A ceases to accurately reflect the existence and status of applications and letters patent pertaining to the Patents, then the Companies shall provide written notice to the Secured Party in accordance with Section 5.1 of the Credit Agreement, together with a replacement Exhibit A, which upon acceptance by the Secured Party shall become part of this Agreement.

(c) **Trademarks.** Exhibit B accurately lists all Trademarks owned or under obligation of assignment to each Company as of the date hereof and accurately reflects the existence and status of Trademarks and all applications and registrations pertaining thereto as of the date hereof; provided, however, that Exhibit B need not list common law marks (i.e., Trademarks for which there are no applications or registrations) which are not material to any Company's or any Affiliate's business(es). If after the date hereof, any Company owns or controls any Trademarks not listed on Exhibit B (other than common law marks which are not material to any Company's or any Affiliate's business(es)), or if Exhibit B ceases to accurately reflect the existence and status of applications and

registrations pertaining to the Trademarks, then the Companies shall promptly provide written notice to the Secured Party in accordance with Section 5.1 of the Credit Agreement, together with a replacement Exhibit B, which upon acceptance by the Secured Party shall become part of this Agreement.

(d) **Title.** The Companies have good and marketable title to each Patent and each Trademark listed on Exhibits A and B, free and clear of all Liens except Permitted Liens. Each Company (i) will have, at the time such Company acquires any rights in Patents or Trademarks hereafter arising, good and marketable title to each such Patent or Trademark free and clear of all Liens except Permitted Liens, and (ii) will keep all Patents and Trademarks free and clear of all Liens except Permitted Liens.

(e) **No Sale.** Except as permitted in Section 5.17 of the Credit Agreement, no Company will assign, transfer, encumber or otherwise dispose of the Patents or Trademarks, or any interest therein, without the Secured Party's prior written consent.

(f) **Defense.** The Companies will, at their own expense and using commercially reasonable efforts, protect and defend the Patents and Trademarks against all claims or demands of all Persons other than those holding Permitted Liens, unless the Companies shall reasonably determine that such Patent or Trademark is not material to the conduct of its business or operations.

(g) **Maintenance.** The Companies will, at their own expense, prosecute and maintain the Patents and the Trademarks, in each case, to the extent reasonably advisable in its business including, but not limited to, filing all applications to obtain letters patent or trademark registrations and all affidavits, maintenance fees, annuities, and renewals possible with respect to letters patent, trademark registrations and applications therefor. Each Company covenants that it will not abandon or fail to pay any maintenance fee or annuity due and payable on any Patent or Trademark, or fail to file any required affidavit or renewal in support thereof, unless the Companies shall reasonably determine that such Patent or Trademark is not material to the conduct of its business or operations, without first providing the Secured Party: (i) sufficient written notice, of at least thirty (30) days, to allow the Secured Party to timely pay any such maintenance fees or annuities which may become due on any Patents or Trademarks, or to file any affidavit or renewal with respect thereto, and (ii) a separate written power of attorney or other authorization to pay such maintenance fees or annuities, or to file such affidavit or renewal, should such be necessary or desirable.

(h) **Secured Party's Right to Take Action.** If any Company fails to perform or observe any of its covenants or agreements set forth in this Section 3, and if such failure continues for a period of ten (10) calendar days after the Secured Party gives a Company written notice thereof (or, in the case of the agreements contained in subsection (h), immediately upon the occurrence of such failure, without notice or lapse of time), or if any Company notifies the Secured Party that it intends to abandon a Patent or Trademark, the Secured Party may (but need not) perform or observe such covenant or agreement or take steps to prevent such intended abandonment on behalf and in the name,

place and stead of such Company (or, at the Secured Party's option, in the Secured Party's own name) and may (but need not) take any and all other actions which the Secured Party may reasonably deem necessary to cure or correct such failure or prevent such intended abandonment.

(i) **Costs and Expenses.** The Companies shall pay on demand all actual costs and expenses, including reasonable attorneys' fees, incurred by Secured Party in connection with this Agreement, the Loan Documents, or any other document or agreement related to this Agreement, and the transactions contemplated by this Agreement, including all such costs, expenses and fees incurred in connection with the negotiation, preparation, execution, amendment, administration, performance, collection and enforcement of all such documents and agreements and the creation, perfection, protection, satisfaction, foreclosure or enforcement of the Security Interest.

(j) **Power of Attorney.** To facilitate Secured Party's performance or observance of Companies' obligations under this Agreement, each Company hereby irrevocably appoints Secured Party and Secured Party's agents, as such Company's attorney in fact (which appointment is coupled with an interest) with the right (but not the duty) to (i) prepare, complete, execute, deliver, endorse or file on behalf of each Company (x) at any time, any financing statements and (y) during a Default Period, any instruments, documents, assignments, security agreements, applications for insurance and any other agreements or any Record required to be obtained, executed, delivered or endorsed by any Company in accordance with the terms of this Agreement; and (ii) after an Event of Default, to enforce or use the Patents or Trademarks or to grant or issue any exclusive or non-exclusive license under the Patents or Trademarks to any third party, or to sell, assign, transfer, pledge, encumber or otherwise transfer title in or dispose of the Patents or Trademarks to any third party. Each Company hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. The power of attorney granted herein shall terminate upon the termination of the Credit Agreement as provided therein and the payment and performance of all Indebtedness.

4. **Companies' Use of the Patents and Trademarks.** Each Company shall be permitted to control and manage the Patents and Trademarks, including the right to exclude others from making, using or selling items covered by the Patents and Trademarks and any licenses thereunder, in the same manner and with the same effect as if this Agreement had not been entered into, so long as no Event of Default occurs and remains uncured.

5. **Events of Default.** It shall constitute an event of default under this Agreement (herein called "Event of Default") if an Event of Default, as defined in the Credit Agreement, shall occur.

6. **Remedies.** Upon the occurrence of an Event of Default and at any time thereafter, the Secured Party may, at its option exercise any or all remedies available under the Credit Agreement.

7. Miscellaneous. This Agreement can be waived, modified, amended, terminated or discharged, and the Security Interest can be released, only explicitly in a writing signed by the Secured Party. A waiver signed by the Secured Party shall be effective only in the specific instance and for the specific purpose given. Mere delay or failure to act shall not preclude the exercise or enforcement of any of the Secured Party's rights or remedies. All rights and remedies of the Secured Party shall be cumulative and may be exercised singularly or concurrently, at the Secured Party's option, and the exercise or enforcement of any one such right or remedy shall neither be a condition to nor bar the exercise or enforcement of any other. All notices to be given to any Company under this Agreement shall be given in the manner and with the effect provided in the Credit Agreement. The Secured Party shall not be obligated to preserve any rights any Company may have against prior parties, to realize on the Patents and Trademarks at all or in any particular manner or order, or to apply any cash proceeds of Patents and Trademarks in any particular order of application. This Agreement shall be binding upon and inure to the benefit of each Company and the Secured Party and their respective participants, successors and permitted assigns and shall take effect when signed by each Company and delivered to the Secured Party, and each Company waives notice of the Secured Party's acceptance hereof. The Secured Party may execute this Agreement if appropriate for the purpose of filing, but the failure of the Secured Party to execute this Agreement shall not affect or impair the validity or effectiveness of this Agreement. A carbon, photographic or other reproduction of this Agreement or of any financing statement signed by each Company shall have the same force and effect as the original for all purposes of a financing statement. This Agreement shall be governed by the laws of the State of Texas without regard to conflicts of law provisions. If any provision or application of this Agreement is held unlawful or unenforceable in any respect, such illegality or unenforceability shall not affect other provisions or applications which can be given effect and this Agreement shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby. All representations and warranties contained in this Agreement shall survive the execution, delivery and performance of this Agreement.
