ASSIGNMENT

WHEREAS, ROBERT PACK, a citizen of the United States, whose post office address is 1444 East 1220 North, Logan, UT 84321 (hereinafter referred to as "Assignor,") has invented a certain new and useful improvement(s) in SYSTEM AND METHOD FOR RENDERING OF TEXEL IMAGERY for which a provisional application was filed on MARCH 27, 2007 and given U.S. Patent Application No.60/920,206; and

WHEREAS, UTAH STATE UNIVERSITY, (hereinafter referred to as "Assignee,") a state chartered institution of higher education, having a business address of 570 Research Park Way, Suite 101, North Logan, Utah 84341-2032, is desirous of acquiring the entire right, title, and interest in the same;

NOW, THEREFORE, in consideration of one dollar (\$1.00) and other good and valuable consideration paid by Assignee, the receipt and sufficiency whereof is hereby acknowledged, Assignor does hereby grant, and assign unto Assignee, the entire right, title and interest in the above identified United States Patent Application and in all patent applications based thereupon, including, but not limited to, any divisions, continuations, and continuations-in-part of said application(s), reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing there from in the United States and foreign countries. Assignee also hereby acquires the right, power and authority to file and prosecute U.S. and foreign patent applications on the invention(s) listed above in its own name, wherever such right may be legally exercised, including the right to claim the priority and benefits of the International Convention for such applications or patent. Assignee also hereby maintains the right to bring actions for infringement

of any right in said invention(s) above in its own name, including past infringement, in any jurisdiction.

It is hereby authorized and requested that the United States Commissioner of Patents and Trademarks, who is duly authorized to issue any and all Letters Patent on said invention, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, recognize and record that Assignee is the owner of the entire right, title, and interest to the inventions listed above, for the sole use and benefit of Assignee, its successors, assigns, and legal representatives, to the full end of the term for which said Letters Patent are, or may be, granted, as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made.

Assignor hereby agrees, without further consideration and without expense to Assignor, to sign all lawful papers and to perform all other lawful acts which the Assignee may request in order to make this Assignment fully effective, including, by way of example but not of limitation, the following: prompt execution of all original, divisional, substitution, reissue, and other United States and foreign patent applications related to the inventions listed above; furnishing of all lawful documents as requested by Assignee to further the prosecution of any of such patent applications; cooperation to the best of Assignor's ability in executing all other lawful documents pertaining to the inventions listed above; and producing evidence in any actions or proceedings concerning the invention, including, but not limited to, nullification, reissuance, extension, and infringement proceedings involving the inventions listed above.

Assignor represents that it has not transferred, licensed or otherwise granted any rights of any kind in the invention(s), to any other party.

This assignment and agreement shall be binding upon our heirs and legal representatives.
This assignment and agreement shall be binding upon our heirs and legal representatives.
