ASSIGNMENT

U.S. App. No. 11/993,017

Filed December 18, 2007

In consideration of One Dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, the entire right, title and interest in the invention or improvements of Joachim Erler and Stefan Heitner (hereinafter, "Assignors") in METHOD FOR THE PREPARATION OF DRONABINOL and in the application for Letters Patent of the United States therefor, and in any reissue or extension of any Letters Patent that may be granted upon said application are hereby assigned by Assignors to Bionorica AG, and the heirs, successors, legal representatives and assigns of Bionorica AG (hereinafter, "Assignee"), and the Commissioner of Patents and Trademarks is hereby authorized and requested by the Assignors to issue said Letters Patent to said Assignee.

For said considerations it is hereby agreed by Assignors, upon the request of said Assignee, to execute any necessary and proper oaths or affidavits relating to said application or required for the filing or prosecution of any divisional or continuing application thereof or for the filing or prosecution of any application for the reissue or extension of any Letters Patent that may be granted on said invention or improvements that said Assignee may deem necessary or expedient, and for said considerations it is further agreed by Assignors, upon request of said Assignee, in the event of said application or any division thereof, or Letters Patent issued thereon, or any reissue or application for the reissue thereof, becomes involved with Interference, to cooperate to the best of the ability of Assignors with said Assignee in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof, and further to perform, on such request, and all affirmative acts to obtain said Letters Patent and vest all rights therein hereby conveyed in said Assignee as fully and entirely as the same would have been held and enjoyed by Assignors if this Assignment and sale had not been made. And for said considerations the entire right, title and interest in said invention or improvements, including all priority rights, and the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other Conventions, and the right to file applications for patent in said Assignee's own name for said invention or improvements in each and every country of the world are hereby assigned and granted by Assignors to said Assignee. It is further agreed by Assignors, upon the request of said Assignee, to execute any and all documents that shall be required of Assignors to be executed in connection with any and all applications for foreign Letters Patent therefor, including the prosecution thereof, and to execute and all documents necessary to invest title in said foreign applications and patents in said Assignee. The attorneys of record in said application for patent are hereby authorized and requested by Assignors to insert in this Assignment the date and serial number thereof in the places provided therefor.
