ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS ASSIGNMENT is made effective as of February 1, 2006, by and between SARAH WESTERBUHR ("Assignor") and INDEV, LLC ("Assignee").

WHEREAS, Assignor is the owner of the entire right, title, and interest in and to the following intellectual property and the inventions claimed therein:

Patent No.	Issue Date	Title
6,377,341	4/23/02	"Refractive index based detector system for liquid chromatography"

(hereinafter "*Intellectual Property*"), for the United States and for all foreign countries, including any continuations, divisions, continuations-in-part, reissues or extensions, including the right to sue for damages and other remedies in respect of any infringement of any patents or patent applications included in the Intellectual Property which infringement may have occurred prior to the date hereof; and

NOW, THEREFORE, for good and valuable consideration, Assignor hereby sells, assigns and transfers to Assignee its entire right, title and interest in and to the Intellectual Property, together with its entire right, title and interest to pursue any remedies and collect all damages for the infringement of any patents and patent applications contained therein, for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

Assignor shall provide to Assignee, its successors, assigns or other legal representatives, cooperation and assistance at Assignee's reasonable request and reasonable expense (including the execution and delivery of any and all affidavits, declarations, oaths, assignments, powers of attorney or other documentation as may be reasonably required): (1) in the preparation and prosecution of any applications covering inventions assigned herein; (2) in the prosecution or defense of any interference, opposition, reexamination, reissue, infringement or other proceedings that may arise in connection with any of the patent rights assigned herein, including testifying as to any facts relating to the patent rights assigned herein and this Assignment; (3) in obtaining any additional patent protection that Assignee may deem appropriate which may be secured under the laws now or hereafter in effect in the United States or any other country; and (4) in the implementation or perfection of this Assignment.

N WITNESS WHEREOF, this Assignment of Intellectual Property is executed and delivered effective as of the date set forth above.
