ASSIGNMENT

WHEREAS, Master Pacific of 933 West Zhongshan Road, 28 Floor, Silver City Tower, Shanghai, China, a true record owner of the invention and U.S. Patent Number D550,142 (Collectively '142 Patent) who has not assigned any interest, title or ownership of '142 Patent to any third party, hereby agrees to transfer all of its interest, title or ownership in and to said '142 Patent; and

WHEREAS, CIA Wheel Group ("CIA Wheel"), a corporation organized under the laws of the State of California, having a place of business at 18400 East Gale Avenue, City of Industry, CA 91748, USA, desires to acquire all interest and rights in '142 Patent;

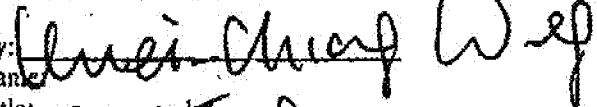

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, Master Pacific hereby sells, assigns and transfers to CIA Wheel, the full and exclusive right, title and interest in and to the invention of '142 Patent, its patent application and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute international applications, under the Patent Cooperation Treaty or otherwise, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by CIA Wheel, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to CIA Wheel, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid CIA Wheel, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.
