ASSIGNMENT

For valuable consideration, we, Craig M. Swanson, of 44936 North Little Pine Road, Perham, MN 56573; Thomas M. Jagger, of 1009 Ravine Trail, Golden Valley, MN 55416-3366; and George S. Pieper, of 11028 Edgewood Ave. N., Champlin, MN 55316; hereby assign to KIT MASTERS INC., a Minnesota corporation, having a place of business at 825 - 1st Street NE, Perham, MN 56573, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of an application for United States Patent entitled CLUTCH SYSTEM, filed October 21, 2004, and assigned U.S. Serial Number 10/970,356; this assignment including said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.

This Assignment shall be binding as to each undersigned person irrespective of whether this Assignment is executed by or deemed enforceable as to another of the persons identified herein. To the extent I am under a duty to assign the above-identified invention, I understand that the purpose of making the appointment is to permit prosecution of patent applications for the invention for the benefit of my assignee, and that this appointment does not create an attorney-client relationship between me and these appointees.
