ASSIGNMENT

WHEREAS, We,

Yu Liang Huang, a United States resident, located at Carlsbad, United States; and

Xu Wen Chen, a Chinese resident, located at Carlsbad, United States (hereinafter "Assignors"), made certain new and useful inventions and improvements (hereinafter "Inventions and Improvements") that have been documented in a specification entitled USE OF IL-22 FOR THE TREATMENT OF CONDITIONS OF METABOLIC DISORDERS; for which We have executed applications for patent in the United States (hereinafter "Applications") as listed on Exhibit "A" which is attached hereto and incorporated herein by reference;

AND WHEREAS, DHY & CO., LTD, a corporation organized and existing under and by virtue of the laws of British Virgin Islands, and having an office and place of business at Portcullis TrustNet Chambers, Road Town, Tortola, British Virgin Islands (hereinafter "Assignee") is desirous of acquiring the entire right, title and interest in and to said Inventions and Improvements and said Applications and in and to the patent to be obtained therefrom;

NOW THEREFORE, to all whom it may concern, be it known that in consideration of One Dollar (USD 1.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, We have sold, assigned, and transferred, and by these presents do sell, assign and transfer unto said Assignee, its successors, legal representatives or assigns, the entire right, title and interest for all countries in and to all inventions disclosed in said Applications, and in and to the said Applications, all divisions, continuations or renewals thereof, all patents which may be granted therefrom, and all reissues or extensions of such patents, and in and to any and all applications which have been or shall be filed in any country or countries foreign to the United States for patents on said Inventions and Improvements, including an assignment of all rights under the provisions of the International Convention, and all patents of any country or countries foreign to the United States which may be granted therefrom; and We do hereby authorize and request the Commissioner of Patents and Trademarks of the United States to issue any and all United States Patents, and any official of any country or countries foreign to the United States, whose duty is to issue patents on applications as aforesaid, to issue any and all patents, for the said Inventions and Improvements to the said Assignee as the assignee of the entire right, title and interest in and to the same, for the use of said Assignee, its successors, legal representatives and assigns.

AND, for the consideration aforesaid, We do hereby agree that We and our executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said Assignee, its successors, legal representatives and assigns all facts known to us relating to said Inventions and Improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest in said Assignee, its successors, legal representatives or assigns the entire right, title and interest in and to the said Inventions and Improvements, Applications, patent, rights, titles, benefits, privileges and advantages hereby sold, assigned and conveyed, or intended so to be.

AND, furthermore We covenant and agree with said Assignee, its successors, legal representatives or assigns, that no assignment, grant, mortgage license or other agreement affecting the rights and property herein conveyed has been made to others by us and that full right to convey the same as herein expressed is possessed by us.
