**ASSIGNMENT OF INVENTION
AND RELATED INTELLECTUAL PROPERTY RIGHTS**

Parties:

1 'The Inventors':

DEREK JOHN LONDESBROUGH

of Onyx Scientific Limited, Silverbriar, Enterprise Park East, Sunderland, SR5 2TQ,
United Kingdom

MICHAEL RAYMOND HALLETT

of Onyx Scientific Limited, Silverbriar, Enterprise Park East, Sunderland, SR5 2TQ,
United Kingdom

2 'The Assignor Company':

ONYX SCIENTIFIC LIMITED

of Silverbriar, Enterprise Park East, Sunderland, SR5 2TQ, United Kingdom

3 'The Assignee':

KUDOS PHARMACEUTICALS LIMITED

of 15 Stanhope Gate, London, W1K 1LN, United Kingdom

Recitals:

(A) The Inventors are joint inventors with others of the invention or inventions entitled Phthalazinone Derivatives ("the Invention") for which the United States Patent Application ("The Priority Application") and the patent applications claiming priority from the Priority Application ("the International Applications") set forth in the schedule hereto have been filed

(B) The Inventors are employees of the Assignor Company and by the terms of their employment and the operation of the UK Patents Act 1977 any rights which they would otherwise own in the Invention are the property of the Assignor Company

(C) Pursuant to a Letter Agreement made between the Assignor Company and the Assignee made as of 14 June 2006 ("the Agreement") the Assignor Company has agreed that all of its rights in the Invention would be assigned to the Assignor and in pursuance of the Agreement and to facilitate the prosecution of the International Applications the Inventors and the Assignor Company have agreed to this assignment

Operative provisions:

In consideration for the payment of £1.00 and other valuable consideration to the Inventors and the Assignor Company the receipt and sufficiency of which is hereby acknowledged by the Inventor and the Assignor Company:

1 The Inventors and each of them hereby sell and assign to the Assignor Company, which accepts, and the Assignor Company hereby further sells and assigns to the Assignee, which accepts, absolutely and free from incumbrances:

1.1 all their respective rights title and interest in Canada and the United States and all other countries of the world in to and under the Invention and the International Applications and all national and regional phases thereof and any and all divisionals, continuations and continuations-in-part of any of the aforesaid applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof and to retain any damages obtained as a result of such action;

1.2 all such rights as they may have to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of the Invention to the intent that the grant of any patents or other intellectual property protection for the Invention shall be in the name of and shall vest in the Assignee or its successors or assigns;

1.3 all such rights as they may have to claim priority from all patent applications (if any) from which priority is claimed in the International Applications in any and all applications for patent protection for the Invention, such rights to be enjoyed by the Assignee with effect from the date of filing of the International Applications;

to the intent that the Assignee shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by the Inventors and the Assignor Company had this assignment not been made.

2 The Inventors and the Assignor Company hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clause 1 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other Patent Office for recordation of this document. It is understood and agreed that the Assignee's attorneys Mewburn Ellis LLP have represented only the Assignee and will continue to represent only the Assignee with respect to this invention.

3 The Inventors and the Assignor Company hereby UNDERTAKE that at the request and cost of the Assignee or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all Canadian and United States patent applications which relate to the Invention and any and all divisionals, continuations and continuations-in-part of any such applications) as may be reasonably necessary or desirable to secure the vesting in the Assignee or its successors or assigns of all rights title and interest assigned to the Assignee hereunder and to confirm the title of the Assignee or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning the Invention or any application for patent or other intellectual property protection for the Invention or any intellectual property protection granted pursuant to any such application.

4 The Inventors and the Assignor Company hereby request the relevant authorities in all countries of the world to issue any patents granted for the Invention in the name of the Assignee or its successors or assigns in accordance with this assignment.

5 This assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of the Inventors and the Assignor Company and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of the Assignee.

IN WITNESS WHEREOF the parties have executed this assignment.
