ASSIGNMENT AGREEMENT

ASSIGNOR: Jeremiah M. Callahan
Sullivans Island, SC

hereby assigns and transfers to:

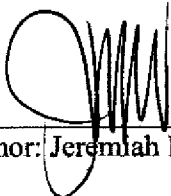

ASSIGNEE: ISI Technology, LLC
1655 Middle Street
Sullivans Island, SC

and the successors, assigns and legal representatives of the ASSIGNEE,

the entire right, title, and interest, to the extent owned by ASSIGNOR, if any, for the United States and its territorial possessions, and in all foreign countries, including all rights to claim priority, in and to any and all improvements which form part of the inventions entitled Direct Electric Resistance Liquid Heater, and, in and to all Letters Patent to be obtained for said inventions and any continuation, division, renewal, or substitute applications, and as to letters patent any reissue or re-examination thereof. This assignment includes but is not limited to any and all rights, title, and interests of ASSIGNOR in the inventions described in U.S. provisional patent application numbers 60/677,552 (filed 05/04/2005), 60/709,528 (filed 08/19/2005), and 60/726,473 (filed 10/13/2005), and in U.S. patent application number 11/352,184 (filed 02/10/2006), and international patent application number PCT/US2006/017172 (filed 03 May 2006), along with all rights, title, and interests of ASSIGNOR to said applications and to any letters patent issuing therefrom.

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment. ASSIGNOR further agrees to provide reasonable assistance to ASSIGNEE in the drafting and filing of patent applications covering the inventions, including executing application documents, at ASSIGNEE's cost.

SIGNED THIS 8 day of August, 2006.
