COMPREHENSIVE ASSIGNMENT OF PROPRIETARY

RIGHTS IN PATENT APPLICATIONS

This is an ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS by Inviro Medical Devices Ltd. a Barbados corporation with a registered office located at Chancery House, High Street, Bridgetown, Barbados hereinafter the "Assignor", Inviro Medical Devices, Inc., a Nevada corporation with a registered office located at 170 N. Stephanie, Suite 110, Henderson, NV 89074, Attention: B. Houldsworth hereinafter the "Assignee".

WHEREAS, Assignor is the owner of patents and patent applications listed on Annex A; and

WHEREAS, pursuant to the Intellectual Property Assignment Agreement, dated as of December 3, 2007 between the Assignor and the Assignee (the "IP Assignment Agreement"), Assignor has agreed to transfer to Assignee all of Assignor's right, title and interest in and to such patents and patent applications (collectively, the "Patents");

NOW THEREFORE, in consideration of the sum of one dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do agree as follows:

Assignor DOES HEREBY SELL, ASSIGN, TRANSFER AND CONVEY to Assignee, its successors and assigns forever, all of the right, title and interest of Assignor in and to the patents and patent applications set forth on Annex A, and any letters patent which may hereinafter be granted in the United States and all countries throughout the world including any divisions, renewals continuations in whole or in part, substitutions, conversions, reissues, re-examinations, prolongations or extensions of the Patents, said interest to be held and enjoyed by said Assignee as fully and exclusively as it would have been held and enjoyed by said Assignor had this assignment and transfer not been made, to the full end and term.

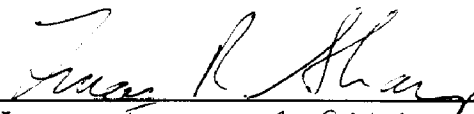

Assignor does hereby also assign in all countries of the world any and all of Assignor's right, title and interest in and to any and all copyright property appertaining any drawings or other materials relating to the tangible means of expression and illustration of the said Patents.

Assignor pledges and agrees to provide, at Assignee's sole expense, any such further information and documentation as may be necessary to record the assignments effected hereby in the United States and in any and all other appropriate countries or jurisdictions. Subject to the conditions set forth in the IP Assignment Agreement, and until the appropriate assignment document is recorded in the particular jurisdiction, and provided the Assignee is using best efforts to record the assignment, Assignor agrees to take any appropriate action or authorize Assignee to take such action in the name of Assignor, in connection with any Patents being transferred hereunder, as requested by Assignee, and at the expense of Assignee. Assignee agrees to indemnify and hold harmless Assignor, its Affiliates (being parties controlled by or under common control of a party), their respective officers, directors, employees and agents from and against any and all claims, demands, suits and damages, based upon, arising out of, or resulting from such action.

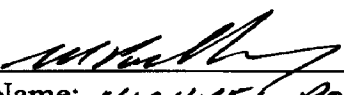

Upon notice by Assignee, Assignor does hereby covenant and agree to provide any such further information and documentation as may be necessary to record, in each relevant jurisdiction, the assignments effected in paragraph (1) above.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be executed as of February 18, 2008.
