ASSIGNMENT

WHEREAS, the undersigned Gaston BAUDAT, a Swiss Citizen, residing at 24 Ramblewood Drive, Glenmoore, PA 19343, United States of America and David Michael FURNEAUX, a British Citizen, residing at Seymour, Whitchurch Hill, Reading, Berkshire, RG8 7PG, United Kingdom. having invented improvements in **Coin Sensor** and having executed an application for United States Patent which was filed as Serial No. 11/877437 on 23 October 2007 describing the said improvements and based thereon, and

WHEREAS, said improvements were made in the course of my employment by MEI Inc, a corporation of the State of Delaware having its principal place of business at 1301 Wilson Drive, West Chester, PA 19380, United States of America hereinafter called "the Assignee" (which term shall include its successors and assigns):

THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration to me paid, the receipt of which is hereby acknowledged, I do hereby sell, assign and transfer to the Assignee my entire right, title, and interest, in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to and under said application (which term shall include hereinafter where the context so admits all divisional, continuing, reissue and other patent applications based thereon and all applications the priority of which is claimed therein) and the improvements (which term shall include each and every such improvement or invention, or any part thereof) therein described, and any and all patents and like rights of exclusion (including extensions thereof) of any country which may be granted on or for said improvements or on said application;

And for the same consideration we do also hereby sell, assign and transfer to the Assignee all my rights under the International Convention for the Protection of Industrial Property and all other treaties of like purpose in respect of said improvements in and said application and I do hereby authorize the Assignee to apply in my name or its own name for patents and like rights of exclusion on or for said improvements in all countries, claiming (if the Assignee so desires) the priority of the filing date of said application under the provisions of said Convention or any such other treaty;

And for the same consideration we do hereby jointly and severally agree for myself and for my respective heirs, executors and administrators, promptly upon request of the Assignee, to execute and deliver without further compensation any power of attorney, assignment, original, divisional, continuing, reissue or other application or applications for patent or patents or like rights of exclusion of any country, or other lawful documents and any further assurances that may be deemed necessary or desirable by the Assignee fully to secure to it said right, title, and interest as aforesaid in and to said improvements, application, and said several patents and like rights of exclusion, or any of them all, however, at the expense of the Assignee;

And we do hereby authorize and request the Commissioner of Patents of the United States of America and the corresponding Officer of each country foreign thereto to issue to the Assignee any and all patents and like rights of exclusion which may be granted in any country upon said application or on or for said improvements;

And we do hereby covenant for myself and for my legal representatives and agree with the Assignee that I have granted no right or license to make, use or sell said improvements to anyone except the assignee, that prior to the execution of this deed my right, title and interest in and to said improvements has not been otherwise encumbered, and that we have not executed and will not execute any instrument in conflict herewith.

IN WITNESS WHEREOF, I have set my hand hereunto as of:
