LICENSE TO THE UNITED STATES GOVERNMENT

WHEREAS, M. Rene Malinow of 640 S.W. 83rd, Portland, Oregon, has invented SYNTHETIC COMPOUNDS TO INHIBIT INTESTINAL ABSORPTION OF CHOLESTEROL IN THE TREATMENT OF HYPERCHOLESTEROLEMIA, and filed a first patent application thereon in the United States of America, bearing Serial No. 379,098, filing date May 17, 1982, a second United States patent application, bearing Serial No. 602,298, filing date April 20, 1984, and corresponding foreign patent applications; and

WHEREAS, the invention was made in the course of research supported by the Department of Health and Human Services; and

WHEREAS, the United States Government is entitled to certain rights in and to said invention and application by reason of the terms of such support; and

WHEREAS, the Medical Research Foundation of Oregon, hereinafter the "Licensor" has acquired by assignment from the inventor the entire right, title, and interest of the inventor to such invention;

NOW, THEREFORE

1. The Licensor, in consideration of the premises and other good and valuable consideration, hereby grants and conveys to the United States Government a royalty-free, nonexclusive, nontransferable, and irrevocable license for governmental purposes, and as is necessary for meeting the obligations of the United States under any treaty or international agreement, under the aforesaid patent applications, and any and all divisions or continuations, and in any and all patents or reissues which may be granted thereon during the full term or terms thereof. As used herein, "governmental purpose" means the right of the Government of the United States, including any agency thereof, to practice and have practiced (made or have made, used or have used, sold or have sold) in connection with programs funded in whole or in part by the Federal Government throughout the world by or on behalf of the Government of the United States.

2. The Licensor covenants and warrants that he has the right to grant the foregoing license, and that any assignment which he may make of the invention or the said patent applications or patents thereon, shall expressly be made subject to this license.

3. The Licensor agrees that the Government shall not be estopped at any time to contest the enforceability, validity, scope of, or title to, any patent or patent application herein licensed.
