## ASSIGNMENT

FOR VALUE RECEIVED, ENVIRONMENTAL CONTROL SYSTEMS, INC., a Georgia corporation ("**Assignor**"), having a place of business at 4530 Millbrook Ct., Duluth, GA 30096, hereby irrevocably and unconditionally sells, assigns, reassigns, transfers and conveys unto MR. LEON C. GREEN JR. a citizen of the United States residing at 104 Interlachen Ct., Aiken, South Carolina 29801, his successors, assigns and legal representatives ("**Assignee**"), the full extent of Assignor's right, title and interest in and to

1. Certain inventions ("**Inventions**") relating to land fill operations as defined and claimed in U.S. Patent No. 5,888,022 entitled "**Method and System for Treating Bio-degradable Waste Material through Aerobic Degradation**" and all letters patent, United States patents or other governmental grants or issuances that may be granted or issue with respect to the Inventions (the "**Patent**");
2. The Agreement and Assignment dated April 21, 1999 between the Assignor and Assignee and any other existing assignments (and all rights there under);
3. All applications with respect to the Inventions and Patents ("**Applications**");
4. All reissues, requests for continuing examinations, reexaminations, extensions or registrations of any such applications and/or the Patents;
5. All non-United States patents, patent applications, and counterparts with respect to the Inventions and the Patents including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances, and including the right to file foreign applications directly in the name of Assignee;
6. The right to claim priority rights deriving from the Inventions, Patents, and/or Applications and for Assignee to otherwise avail itself of the provisions of the international conventions governing the protection of inventions;
7. All causes of action, remedies and other enforcement rights related to the Applications, the Inventions, and the Patents (including, without limitation, the right to sue for past, present or future infringement, misappropriation or violation of rights related to the Applications, the Inventions, and the Patents);
8. All rights to collect royalties and other payments under or on account of any of the Applications, the Inventions, and the Patents; and

9. Any and all other rights and interests arising out of, in connection with, or in relation to the Applications, the Inventions, and the Patents; and all documents related to the conception, diligence and reduction to practice of the Inventions and all domestic and international patent filing documents.

Assignor will not execute any writing or do any act conflicting with this Assignment and, without further compensation, will execute all documents and do such additional acts as Assignee deems necessary or desirable to: perfect enjoyment of the rights hereby assigned; conduct proceedings regarding the such rights, including any litigation or interference proceedings; or perfect or defend title to such rights. Assignor requests the respective patent office or governmental agency in each jurisdiction to grant or issue any and all letters patent, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the rights in the name of Assignee, as Assignee to the entire interest therein.

A copy of this Assignment will be deemed a full legal and formal equivalent of any document that may be required in any country as proof of the right of Assignee to apply for patent or other protection for any Inventions and to claim the benefit of the right of priority thereto. Assignor grants to Assignee the right, power and authority to insert in this Assignment any further information or identification that may be necessary or desirable to comply with the applicable rules and procedures for recordation of this Assignment, or perfecting its benefit, throughout the world.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors or assigns, and anyone properly designated by Assignee and will be binding upon Assignor, its successors or assigns, and anyone properly designated by it.
