PATENT ASSIGNMENT AND LICENSE AGREEMENT

This Patent Assignment and License Agreement ("Agreement") is made effective as of the 31st day of March, 2005 (the "Effective Date"), between Fujitsu Limited, a corporation organized and existing under the laws of Japan, having a place of business at 1-1, Kamikodanaka 4-chome, Nakahara-ku, Kawasaki-shi, Kanagawa-ken 211-8588, Japan (hereinafter referred to as "Fujitsu"), and Conexant Systems, Inc., a corporation organized and existing under the laws of the State of Delaware, having principal offices at 4000 MacArthur Blvd., Newport Beach, CA 92660, United States of America (hereinafter referred to as "Conexant").

WHEREAS, Fujitsu has agreed to sell to Conexant, and Conexant has agreed to purchase, certain patents in Fujitsu's worldwide analog modem patent portfolio, with a license-back from Conexant to Fujitsu of such patents; and

WHEREAS, Fujitsu has agreed to license to Conexant, and Conexant desires to take a license to, certain patents in Fujitsu's worldwide analog modem patent portfolio.

NOW THEREFORE, in consideration of the mutual covenants and conditions hereinafter set forth, it is agreed as follows:

SECTION 1 - DEFINITIONS

The capitalized terms used in this Agreement shall have the definitions assigned to them in this Section 1, and shall include the singular as well as the plural.

1.1 "Fujitsu Assigned Patents" mean each patent and patents application listed in Schedule 1, each corresponding foreign patent and patent application (including provisional and non-provisional applications), and each divisional, continuation, continuation-in-part, reissue, re-examination, renewal, or extension of each such foregoing patent and patent application.

1.2 "Fujitsu Licensed Patents" mean each patent and patent application listed in Schedule 2, each corresponding foreign patent and patent application (including provisional and non-provisional applications), and each divisional, continuation, continuation-in-part, reissue, re-examination, renewal, or extension of each such foregoing patent and patent application.

1.3 "Fujitsu Licensed Product" means any product that, without the rights granted herein, would directly or indirectly infringe one or more claims of any of the Fujitsu Assigned Patents. Such indirect infringement shall mean: (1) contributory infringement (as provided in 35 U.S.C. § 271 (b), (c), or (f)(2) or its foreign equivalent) by Fujitsu of one or more claims of any Fujitsu Assigned Patents; or (2) any sale or disposition of Fujitsu Licensed Product which, but for the licenses granted herein, would constitute direct infringement by a direct or indirect customer of Fujitsu of one or more claims of any Fujitsu Assigned Patents, wherein the Fujitsu Licensed Product constitutes a substantial portion of the claim of the Fujitsu Assigned Patent(s) being infringed.

1.4 "Conexant Licensed Product" means any product that, without the rights granted herein, would directly or indirectly infringe one or more claims of any of the Fujitsu Licensed Patents. Such indirect infringement shall mean: (1) contributory infringement (as provided in 35 U.S.C. § 271 (b), (c), or

(f)(2), or its foreign equivalent) by Conexant of one or more claims of any Fujitsu Licensed Patents; or (2) any sale or disposition of Conexant Licensed Product which, but for the licenses granted herein, would constitute direct infringement by a direct or indirect customer of Conexant of one or more claims of any Fujitsu Licensed Patents, wherein the Conexant Licensed Product constitutes a substantial portion of the claim of the Fujitsu Licensed Patent(s) being infringed.

1.5 "Subsidiary" of a party means any entity that, as of or at any time after the Effective Date, is directly or indirectly controlled by such party, but only as long as such control exists. For purposes of this definition, "control" means: (a) in the case of incorporated entities, ownership or control of more than fifty percent (50%) of the voting power of the stock or participating shares entitled to vote for the election of directors of such incorporated entities; and (b) in the case of unincorporated entities, ownership or control of more than fifty percent (50%) of the equity interest with power to direct the management and policies of such unincorporated entities.

SECTION 2 - PATENT ASSIGNMENT AND LICENSE-BACK OF PATENTS

2.1 Patent Assignment. In consideration of the payment pursuant to Section 5.1 hereof, Fujitsu hereby transfers and assigns to Conexant all of Fujitsu's right, title, and interest in and to the Fujitsu Assigned Patents, including any rights Fujitsu may have to assert claims and recover damages for infringement of any Fujitsu Assigned Patent that occurred prior to the Effective Date. The above transfer and assignment are subject to (a) any rights, licenses or immunities relating to the Fujitsu Assigned Patents that have been granted by Fujitsu to any third party prior to the Effective Date, (b) the License-Back provided in Section 2.2, and (c) the Covenant Not to Assert against Certain Third Parties provided in Section 2.6 hereof.

2.2 License-Back. Conexant grants to Fujitsu and its Subsidiaries (and any of their successors and assigns, and successors and assigns of their business pertaining to the Fujitsu Assigned Patents) a non-exclusive, non-assignable and non-transferable, perpetual, irrevocable, worldwide, fully paid-up and royalty-free license under the Fujitsu Assigned Patents (i) to make, have made, use, offer to sell, sell, lease, import or otherwise dispose of the Fujitsu Licensed Products, and (ii) to use and practice any invention, process, art or method of the Fujitsu Assigned Patents. Nothing in this Section 2.2 shall be deemed to obligate Conexant to file, maintain, or prosecute any patent or patent application included in or with respect to the Fujitsu Assigned Patents.

2.3 Cooperation. At Conexant's request, Fujitsu will deliver to Conexant fully executed assignments of the Fujitsu Assigned Patents, in the form of Appendix A, or other similar form provided by Conexant, for U.S. Patents, and in a mutually acceptable form for all other patents, in order for Conexant to file such assignments with the appropriate governmental authority for recordation of the transfer of the Fujitsu Assigned Patents to Conexant.

2.4 Cost. The cost of recording the transfer of the Fujitsu Assigned Patents set forth in Section 2.3 above shall be borne solely by Conexant.

2.5 No Responsibility. Upon and after the Effective Date, Fujitsu shall have no responsibility for any action or proceeding on any of the Fujitsu Assigned Patents and Conexant shall have such responsibility for any action or proceeding on any of the Fujitsu Assigned Patents, except that Fujitsu shall provide to Conexant immediately after the Effective Date a list of all actions having a deadline occurring within sixty (60) days of the Effective Date, and Fujitsu shall assist Conexant in providing

timely instructions to the appropriate patent counsel for all actions having a deadline occurring within thirty (30) days of the Effective Date, by instructing Fujitsu's current patent counsel as appropriate and as requested by Conexant.

2.6 Covenant Not to Assert against Certain third parties.

- 2.6.1. Without limitation of any licenses granted hereunder, Conexant agrees that it will not assert or sue for patent infringement claims of a Fujitsu Assigned Patent against any third party listed in Schedule 3 ("Third Parties") for any infringement of any claims of a Fujitsu Assigned Patent.
- 2.6.2. Conexant shall notify Fujitsu in advance that Conexant intends to assert or sue for patent infringement claims of a Fujitsu Assigned Patent against any third parties. If Fujitsu confirms and verifies that such a third party is licensed or immunized as to Fujitsu Assigned Patents, then Conexant agrees not to assert or sue such third party.

SECTION 3 - LICENSE GRANT

3.1 Fujitsu Licensed Patents. In consideration of the payment pursuant to Section 5.1 hereof, Fujitsu hereby grants to Conexant and its Subsidiaries, for the respective lives of the Fujitsu Licensed Patents, a non-exclusive, non-transferable (except as provided in Section 8), irrevocable (subject to Section 7), and worldwide, license under the Fujitsu Licensed Patents to make, have made, use, offer to sell, sell, lease, import or otherwise dispose of the Conexant Licensed Products.

3.2 No Sublicense. Fujitsu does not grant to Conexant or any of its Subsidiaries any right to grant sublicense to any third party under the license granted to Conexant and its Subsidiaries under Section 3.1.

3.3 Have Made Right. The license to "to have made" granted by Fujitsu under Section 3.1 shall cover only the case where Conexant or any of its Subsidiaries subcontracts to a third party or third parties ("Third Party Subcontractors") the manufacture of the Conexant Licensed Products on behalf of Conexant or any of its Subsidiaries.

SECTION 4 - RELEASE

4.1 By Fujitsu. Subject to the payment pursuant to Section 5.1 hereof, Fujitsu fully and forever releases and discharges (and will cause its Subsidiaries to forever release and discharge) (i) Conexant and its Subsidiaries (only those existing as of the Effective Date) from any and all damages, suits, claims, demands, obligations, liabilities, attorneys' fees, costs, expenses, rights of action and cause of action of any kind or character whatsoever, but only to the extent relating to past infringement prior to the Effective Date, of any Fujitsu Assigned Patents or any Fujitsu Licensed Patents, and (ii) all customers of Conexant or its Subsidiaries (only those existing as of the Effective Date) from any and all damages, suits, claims, demands, obligations, liabilities, attorneys' fees, costs, expenses, rights of action and cause of action of any kind or character whatsoever, but only to the extent relating to past infringement prior to the Effective Date, of any Fujitsu Assigned Patent or any Fujitsu Licensed Patent,

based on the use, importation, sale, or offering for sale of products manufactured by, or on behalf of, Conexant or any of its Subsidiaries (only those existing as of the Effective Date) that would have been covered by the licenses granted by Fujitsu to Conexant hereunder if such activities occurred after the Effective Date.

4.2 Waiver of Section 1542. Fujitsu further waives (and will cause its Subsidiaries to waive) all rights under Section 1542 of the California Civil Code, and any law or legal principle of similar effect in any jurisdiction, as such rights may relate to any claims referred to in this Section 4. Fujitsu acknowledges that it has consulted with legal counsel regarding the import of Section 1542 of the California Civil Code, which provides as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

SECTION 5 - CONSIDERATION

5.1 Payment. In consideration for the rights obtained by Conexant from Fujitsu under this Agreement, Conexant agrees to pay to Fujitsu \$120,000.00 (One Hundred and Twenty Thousand USA Dollars) within forty (40) days of the Effective Date. Payment hereunder shall be made without any deduction or setoff whatsoever, including, but not limited to, withholding taxes.

5.2 Payment Method. All payments to be made by Conexant to Fujitsu under this Agreement shall be in United States Dollars by telegraphic transfer to the following bank account of Fujitsu, and notice of the payment shall be sent by Conexant to Fujitsu's address set forth in Section 6.

Notwithstanding the foregoing provision, the term of the license set forth in Section 2.2 is perpetual.

7.2 Termination.

7.2.1 If, at any time during the term of this Agreement, Conexant shall fail to perform, or fail to cause its Subsidiaries to perform, any of its/their obligations under the Sections 2.6, 5.1, 8.1, and 8.2, and Fujitsu shall have notified Conexant in writing of such default, stating in such written notice those obligations which Conexant or its Subsidiaries shall have performed, and if Conexant shall, for a period of thirty (30) days after receiving such notice, fail to remedy such default, Fujitsu may at its option terminate the license granted under Section 3 of this Agreement by giving Conexant written notice of such termination. However, termination of the license granted under Section 3 of this Agreement under this Section 7 shall not affect Fujitsu's right, available at law or otherwise, to claim for damages and other remedies against Conexant.

7.2.2 Fujitsu shall have the right to terminate the license granted under Section 3 of this Agreement immediately by giving Conexant written notice of such termination, upon:

- (a) the filing by Conexant of a petition in bankruptcy or insolvency; or
- (b) any adjudication that Conexant is bankrupt or insolvent; or
- (c) the filing by Conexant of a petition or document seeking reorganization, readjustment or rearrangement of its business under any law or government regulation relating to bankruptcy or insolvency; or

(f) the institution by Conexant of any proceeding for the liquidation or winding up of its business or for the termination forthwith; or

(h) any important change in controlling ownership of Conexant, wherein such new controlling owner is deemed by Fujitsu to be a competitor of Fujitsu's; or

(i) any claim, demand or action raised by Conexant or any of its Subsidiaries ("Conexant Entities") against Fujitsu or any of its Subsidiaries ("Fujitsu Entities") alleging Fujitsu Entities' infringement of any intellectual property right of Conexant Entities.

7.2.3 In the event of termination of the license granted under Section 3 of this Agreement by Fujitsu pursuant to this Section 7.2.1, the licenses and releases granted hereunder to Conexant shall automatically terminate when Conexant receives such termination notice hereunder.

7.2.4 In the event of termination of the license granted under Section 3 of this Agreement by Fujitsu pursuant to this Section 7.2.2, the licenses and releases granted under the Section 3 to Conexant shall automatically terminate when Conexant receives such termination notice hereunder.

7.2.5 Any termination or expiration of the license granted under Section 3 of this Agreement shall not operate to limit any of rights of both parties or relieve any of obligations thereof already accrued prior to the effective date of such termination or expiration.

SECTION 8 - ASSIGNMENT OF LICENSE

8.1 Assignment of License by Conexant. Conexant may assign the license granted under Section 3 to a third party in connection with the sale or other transfer of its business that pertains to the subject matter of this Agreement, provided that such third party accepts in writing all terms and conditions of this Agreement.

8.2 Notice. For any assignment under this Section to be effective, the assigning party must notify the other party in writing within ninety (90) days of such assignment

Fujitsu represents and warrants that it exclusively owns all right, title, and interest to and in the Fujitsu Assigned Patents and Fujitsu Licensed Patents existing as of the Effective Date free and clear of any liens or security interests, and that Fujitsu has not granted any exclusive license or other exclusive right with respect to any such Fujitsu Assigned Patents or Fujitsu Licensed Patents to any third party in a manner that conflicts with any of the assignments, licenses or rights granted by Fujitsu to Conexant under this Agreement.

9.3 No Other Warranty. Except as set forth in Section 9.2, Fujitsu makes no representations or warranties of any kind, either express or implied, with respect to the Fujitsu Assigned Patents or the Fujitsu Licensed Patents, including but not limited to, warranties of merchantability or fitness for a particular purpose and Fujitsu assumes no responsibilities whatever with respect to the manufacture, use, sale or other disposition by Conexant or its Subsidiaries, or their vendees or transferees of any Conexant Licensed Products.

- (b) conferring upon Conexant or any of its Subsidiaries any license or right under any patents or with respect to any products except the licenses and rights expressly granted hereunder; or
- (c) a warranty or representation by Fujitsu or any of its Subsidiaries that anything made, have made, used, leased, imported, offered for sale, sold or otherwise disposed of under any license granted under this Agreement is or will be free from infringement of patents other than Fujitsu Licensed Patents under which licenses and rights have been granted hereunder; or
- (d) an obligation by Fujitsu or any of its Subsidiaries to bring or prosecute actions or suits against third parties for infringement of the Fujitsu Licensed Patents; or
- (e) a warranty or representation by Fujitsu as to Conexant's right to bring or prosecute actions or suits against third parties for infringement of any of the Fujitsu Assigned Patents (i.e., Fujitsu assigns such rights to Conexant under Section 2.1 only to the extent that Fujitsu has such rights to grant); or
- (f) conferring upon Conexant or any of its Subsidiaries any right to use in advertising, publicity, or otherwise, any trademark, trade name or names, or any contraction, abbreviation or simulation thereof of Fujitsu or any of its Subsidiaries; or
- (g) an obligation of Fujitsu or any of its Subsidiaries to furnish Conexant or any of its Subsidiaries with any technical information or know-how.

Either party may disclose the terms of this Agreement to third parties, provided such third parties are under a written obligation of confidentiality to such party.
