**GRANT OF SECURITY INTEREST
IN PATENTS AND TRADEMARKS**

THIS GRANT OF SECURITY INTEREST ("Grant"), effected as of April 30, 2008, is executed by Wright Machinery Limited, a company incorporated and registered in England and Wales (the "Grantor"), in favor of LV Administrative Services, Inc., as administrative and collateral agent for the Purchasers under the Security Agreement (the "Secured Party").

A. Pursuant to a Security Agreement, dated as of the date hereof (as amended, modified and/or supplemented from time to time, the "Security Agreement"; capitalized terms used but not defined in this Agreement shall have the meaning assigned to them in the Security Agreement), by and among the Grantor, the purchasers from time to time party thereto, certain other Assignors, and the Secured Party, the terms and provisions of which are hereby incorporated herein as if fully set forth herein, the Grantor and the other Assignors have granted a security interest to the Secured Party in consideration of the Secured Party's agreement to provide financial accommodations to the Grantor.

B. The Grantor (1) has adopted, used and is using the trademarks reflected in the trademark registrations and trademark applications more particularly described on Schedule 1 annexed hereto as part hereof (the "Trademarks"), except as otherwise set forth on such schedule, and (2) has registered or applied for registration of the patents more particularly described on Schedule 2 annexed hereto as part hereof (the "Patents").

C. The Grantor wishes to confirm its grant to the Secured Party of a security interest in all right, title and interest of the Grantor in and to the Trademarks and Patents, and all proceeds thereof, together with the goodwill of the business symbolized by, or related or pertaining to, the Trademarks, and all causes of action which may exist by reason of infringement of any of the Trademarks and Patents (collectively, the "T&P Collateral"), to secure the payment, performance and observance of the Obligations.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged:

1. The Grantor does hereby further grant to the Secured Party a security interest in the T&P Collateral to secure the full and prompt payment, performance and observance of the Obligations.

2. The Grantor agrees to perform, upon an Event of Default, all acts deemed necessary or desirable by the Secured Party to permit and assist it, at the Grantor's expense, in obtaining and enforcing the Trademarks and Patents in any and all countries. Such acts may include, but are not limited to, execution of documents and assistance or cooperation in legal proceedings. The Grantor hereby appoints the Secured Party as the Grantor's attorney-in-fact to execute and file any and all agreements, instruments, documents and papers as the Secured Party may determine to be necessary or desirable to evidence the Secured Party's security interest in the Trademarks and Patents or any other element of the T&P Collateral, all acts of such attorney-in-fact being hereby ratified and confirmed.

3. The Grantor acknowledges and affirms that the rights and remedies of the Secured Party with respect to the security interest in the T&P Collateral granted hereby are more fully set forth in the Security Agreement and the rights and remedies set forth herein are without prejudice to, and are in addition to, those set forth in the Security Agreement. In the event that any provisions of this Grant are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern.

4. The Grantor hereby authorizes the Secured Party to file all such financing statements or other instruments to the extent required by the Uniform Commercial Code and agrees to execute all such other documents, agreements and instruments as may be required or deemed necessary by the Secured Party, in each case for purposes of affecting or continuing Secured Party's security interest in the T&P Collateral.
