ASSIGNMENT

This Assignment is entered into as of the date(s) listed below. Inventor(s) (singly and collectively, "Assignor") of the addresses indicated below, have invented the subject matter disclosed in the non-provisional patent application entitled Integration Solution For Mobile Devices, Docket Number P-14044PRV and P-14044US (collectively and individually the "Invention") to be filed in the United States Patent and Trademark Office as Serial No. 60/889,443 on February 12, 2007 or concurrently herewith. In the event that the Application Serial No. and/or filing date is not available when this Assignment is executed, Assignor hereby authorize and request any attorney associated with Visa U.S.A. Inc. or Lewis and Roca LLP to insert above the filing date and/or the application number of said application when known.

Visa U.S.A. Inc. ("Assignee"), a corporation of the State of Delaware, with the principal place of business in Foster City, California is desirous of memorializing its interest in the Invention.

Assignor confirms that Assignor is a full time salaried employee of Assignee or one of it's subsidiary companies. Assignor hereby memorializes that Assignor is willing to assign ownership of the Invention in the form of this assignment to Assignee for valuable consideration, the sufficiency of which is hereby acknowledged.

Assignor assign to the Assignee its successors, assigns and legal representatives: the entire right, title and interest to the Invention, including patent, copyright and any other intellectual property rights, any provisional, non-provisional, continuation, continuation in part, divisional, reissue, reexamination, foreign, PCT or other patent application or like document, or any other application which claims priority to said application, in the United States and all foreign countries, together with the right of priority under the International Convention for the Protection of Industrial Property, Inter-American Convention Relating to Patents, Designs and Industrial Models, and any other international agreements to which the United States adheres.

Assignor also transfer to Assignee, its successors, assigns and legal representatives, without further remuneration, a like interest in and to any improvements, derivative works, and applications based thereon, growing out of or relating to the Invention; and to provide all reasonable assistance and execute any papers, if accurate, desired by Assignee, its successors, assigns and legal representatives, to preserve, acquire and/or perfect Assignee's full protection and title in and to the invention and any improvements and to file any of the aforementioned applications.

Assignor authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said Invention to the Assignee as the owner of the entire interest, for the sole use and behalf of the said Assignee, its successors, assigns and legal representatives.

This assignment and agreement is binding upon all Assignor's heirs and legal representatives.
