Patent Assignment

This assignment is made effective this 1st day of October, 2006, by and between Blitz, U.S.A., Inc., an Oklahoma corporation (hereinafter, "Assignor"), and Bergan, LLC, an Oklahoma limited liability company (hereinafter, "Assignee").

WHEREAS, attached hereto as Exhibit "A" is a schedule of letters patent of the United States of America for certain new and useful improvements and inventions (the "Letters Patent").

WHEREAS, Assignor is the sole and exclusive owner of the Letters Patent and the inventions described and claimed in the same, and of all rights in the same.

WHEREAS, on even date herewith, Assignor formed a subsidiary named Bergan, LLC, and Assignor desires to transfer and Assignee desires to obtain the entire right, title, and interest in and to the Letters Patent, together with all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof.

In consideration of the matters described above, and of the mutual benefits and obligations set forth in this agreement, the parties agree as follows:

ASSIGNMENT. In consideration of the formation of a subsidiary of Blitz, U.S.A., and issuance of all membership interests in Bergan, LLC to Blitz U.S.A., Inc., and other valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby assigns to Assignee the Letters Patent together with all re-issues, divisions, continuations, renewals, extensions, and continuations-in-part thereof, the same to be held and enjoyed by Assignee for Assignee's own use and enjoyment and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives, to the end of the term or terms for which the Letters Patent are granted, together with all claims for damages by reason of past infringement of the Letters Patent, with the right to sue for and collect the same for Assignee's own use, and for the use of Assignee's successors, assigns, or other legal representatives.

COOPERATION. Assignor agrees that will at any time on request execute and deliver any and all papers that may be necessary or desirable to perfect the title in Assignee to the Letters Patent, together with all re-issues, divisions, continuations, renewals, extensions, and continuations-in-part thereof. Assignor further agrees that it will at any time on request communicate to Assignee any facts relating to the Letters Patent or the history of the same and testify as to the same in any interference or other litigation when requested so to do.

REPRESENTATION AND WARRANTY. Assignor represents and warrants that it has full right to convey the interest assigned by this agreement, and that it has not executed and will not execute any agreement in conflict with this assignment.
