NUNC PRO TUNC ASSIGNMENT

This Assignment, dated April 10, 2008, is entered into, *nunc pro tunc*, effective May 10, 2007, by and between MOPEX Inc. ("Assignor"), a corporation organized and existing under the laws of the State of Illinois, having its principal place of business at 309 West 57th Street, Suite 1707, New York, New York 10019, United States of America, and Kenneth Kiron, ("Assignee"), a citizen of the United States of America and residing at 505 Standish Road, Teaneck, NJ 07666.

WHEREAS, Assignor is the owner of all right, title and interest in the patents listed on **Schedule A** attached hereto, including, but not limited to, all rights directly or indirectly related to the patents and/or patent applications and the contents thereof, such as rights in any inventions, trade secrets or other intellectual property related thereto (collectively, the "Patents");

WHEREAS, Assignee is desirous of acquiring all right, title and interest in and to said Patents; and

WHEREAS, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of, all right, title, and interest in, to and under the Patents in and throughout the United States of America, its territories and all foreign countries, including the right to claim priority under United States law, any applicable foreign country's law, or international convention, and all provisionals, non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, renewals, substitutes and extensions of any of the foregoing.

NOW, THEREFORE, as of the effective date written above, Assignor, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby transfer and assign to Assignee, and Assignee hereby accepts the transfer and assignment of, all right, title, and interest in, to, and under the Patents in and throughout the United States of America, its territories and all foreign countries, including the right to claim priority under United States law, any applicable foreign country's law, or international convention, and all provisionals, non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, renewals, substitutes and extensions of any of the foregoing, all rights to sue for past, present and future infringements, whether arising prior to or subsequent to the date of this Assignment, together with all causes of action and the right to collect damages and costs for all past, present and future infringements, the same to be held and enjoyed by the said Assignee, its successors and assigns, from and after the effective date above, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

IN ADDITION, Assignor covenants and agrees to execute or cause execution of any further assurance of title to any of the Patents or inventions described therein, and to, at any time, upon the request of Assignee deliver, or cause to be delivered, and execute, or cause to be executed, all papers that may be necessary or desirable to perfect the title to said inventions or any patent which may be granted therefore in Assignee, its successors, assigns or any other legal representatives and will make, or cause to be made, all rightful oaths, or declarations, and do all lawful acts requisite for procuring the same therein, without further compensation.

IN WITNESS WHEREOF, Assignor has caused its duly authorized officer to execute this Assignment as of the date first above written.
