Olszewski**, a U.S. citizen, residing at 718 Hartford Drive, Elyria, Ohio 44035 hereby assign all right, title and interest to **Invacare Corporation**, an Ohio corporation, with its office at One Invacare Way, Elyria, OH 44035, its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries, in and to the inventions in

PRODUCT GAS CONCENTRATOR AND METHOD ASSOCIATED THEREWITH

set forth in the following patent application(s): U.S. Utility Patent Application Serial No. 12/106,861 (Attorney Docket No. 12873.05505), filed April 21, 2008, and PCT Application No. PCT/US08/61022 (Attorney Docket No. 12873.05636), filed April 21, 2008, said application(s), any and all other applications for Letters Patent on said inventions, including but not limited to all provisional, non-provisional, national, divisional, renewal, substitute, continuation, PCT and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patents and reissues and extension of Letters Patent granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications and said Letters Patent; said assignee being hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of said assignee or otherwise as said assignee may deem advisable, under the International Convention or otherwise; the

Commissioner of Patents of the United States of America and the empowered officials of all other governments being hereby authorized to issue or transfer all said Letters Patent to said assignee in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right heretofore given, and that the undersigned will do all acts reasonably serving to assure that the said inventions, patent applications and Letters Patent shall be held and enjoyed by said assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits in form and in substance which may be requested by said assignee, to furnish said assignee with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, patent applications and Letters Patent.

I/we hereby authorize and request the assignee or its authorized representative to enter or correct the date(s) of execution of this Assignment, if available, to enter or correct the serial number or filing date for any above-identified patent application prior to recording this Assignment, and understand any such actions to have the same effect as if entered prior to execution of this Assignment.
