ASSIGNMENT

WHEREAS, Steven Brown (hereinafter designated as the undersigned) has invented certain new and useful improvements in "Fuel Bowl" (hereinafter designated as the invention) for which an application for Patent of the United States of America has been executed by the undersigned; and

WHEREAS, Brown Equipment Corporation. of P.O. Box 6204, Moore, Oklahoma, their heirs, successors, legal representatives and assigns (hereinafter designated as the Assignee) is desirous of acquiring the entire right, title and interest in and to said invention and in and to any Patent(s) that may be granted therefore in the United States of America and in any foreign countries, in an undivided amount listed below:

Assignee (100%)

NOW, THEREFORE, in consideration of good and valuable consideration received by the undersigned, the undersigned has sold, assigned and transferred, and by these presents do sell, assign and transfer unto said Assignee in the specific undivided amount listed above, the full and exclusive right to the said invention in the United States of America, its territories, dependencies and possessions and the entire right, title and interest in and to any and all Patent(s) which may be granted therefore in the United States of America, its territories, dependencies and possessions, and, in any and all foreign countries; and to any and all divisions, reissues, continuations, and extensions thereof for the full term or terms for which the same may be granted.

The undersigned agrees to execute all papers necessary in connection with this application and any continuing, divisional, conversion or reissue applications thereof and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

The undersigned agrees to execute all papers necessary in connection with any interference which may be declared concerning this application or continuation, division, conversion or reissue thereof or Letter Patent(s) or reissue patent issued thereon and to cooperate with the Assignee in every way possible in obtaining and producing evidence and proceeding with such interference.

The undersigned agrees to execute all papers and documents and to perform any act which may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements.

The undersigned agrees to perform all affirmative acts which may be necessary to obtain a grant of a valid United State of America patent(s) or a grant of a valid United States of America and any foreign patent(s) to the Assignee and to vest all rights therein hereby conveyed to said Assignee as fully and entirely as the same as held by the undersigned if this Assignment and sale had not been made.

The undersigned hereby authorizes and requests the U.S. Patent and Trademark Office Officials in the United States of America and in any foreign countries to issue any and all Patents resulting from said application or any continuing, divisional conversion or reissue applications thereof to the said Assignee, as Assignee of the entire interest, and hereby covenants that they have the full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith.

The undersigned hereby grants the law firm of Tobin, Carberry, O'Malley, Riley & Selinger, P.C. the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office for recordation of this document.

The undersigned hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

The Agreement may be signed in counterparts, with signature pages deemed as originals.

IN WITNESS WHEREOF, executed by the undersigned on the date opposite the undersigned name.
