ASSIGNMENT

Attorney Docket No. 18680US03
Inventor(s): Francesco Rebecchi

Application Serial No. 12/121,295
Filing Date: May 15, 2008

In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, the undersigned confirms his having assigned, and to the extent necessary do hereby assign, to **PetrolValves, LLC, a Texas corporation having a place of business at 6000 West Sam Houston Parkway North, Houston, Texas 77041**, its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in an application for Letters Patent of the United States filed in the U.S. Patent and Trademark Office on May 15, 2008, and assigned application **Serial No. 12/121,295**, entitled "**HELICAL SPLINE ACTUATORS**", and has also been identified as **Attorney Docket No. 18680US03** in the offices of McAndrews, Held & Malloy, Ltd., and in said application and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any continuation, continuation-in-part, divisional, reexamination, reissue or extension of such applications or patents, and confirm their having further assigned, and to the extent necessary do hereby further assign, to said assignee the priority right provided by the International Convention.

The undersigned hereby authorizes and requests the Director of the U.S. Patent and Trademark Office to issue said Letters Patent to said assignee.

The undersigned hereby authorizes and requests the attorneys of record in said application to insert in this instrument the filing date and serial number of said application when officially known.

The undersigned has warranted himself to have been, and to the extent necessary hereby warrants himself to be, the owner of the entire right, title and interest in said invention or improvements, and to have had, and to the extent necessary to have, the right to make such assignment, and have further warranted, and to the extent necessary do hereby further warrant, that there are no outstanding prior assignments, licenses, or other encumbrances on the interest assigned.
