Assignment of Invention and Patent Rights

Whereas, SoMA, Inc., an Oregon corporation having an address at 514 N.W. 11th Avenue, Suite 201, Portland, Oregon 97209, herein referred to as "assignor," is the owner of the entire right, title and interest in and to a certain new, original and useful design for a Headset;

Whereas, The Timao Group, Inc., an Oregon corporation having an address at 15954 S.W. 72nd Avenue, Portland, Oregon 97224, herein referred to as "assignee," desires and is entitled to acquire assignor's entire right, title and interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, assignor hereby confirms the sale, assignment and transfer to the assignee, the full and exclusive right, title and beneficial interest in and to said invention and patent rights throughout the world, including said United States and PCT patent applications, foreign patent priority rights, the right to file and prosecute related US non-provisional application(s) international applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, applications and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by assignee for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by assignor had this assignment and sale not been made, and covenant that assignor has full right so to do, and agree that assignor will communicate to assignee, or its successors and assigns, any facts known to assignor respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid assignee, its successors and assigns to obtain and enforce proper patent protection for said invention in this or any foreign country.
