### Assignment

WHEREAS, we, Vito Altavilla, residing at 2183 Springer Avenue, Cincinnati, Ohio 45208, and Robert Yeggy, residing at 7311 Kingswood Drive, West Chester, Ohio 45069 (jointly referred to below as the "Assignor"), own the entire right, title, and interest in and to an invention that is now described and claimed in a United States Non-Provisional Patent Application Serial Number 11/868,031 (referred to below as the "Application") entitled "Separating Compositions and Methods of Use", along with any invention disclosed therein.

WHEREAS, VARY Petrochem, LLC, an Ohio limited liability company, having its principal place of business at 11103 Memphis Avenue, Brooklyn, Ohio 44144 (which, together with all of its successors, legal representatives, and assigns, referred to below as "Assignee") desires to acquire the entire right, title and interest in and to the Application, along with any invention disclosed therein.

NOW, THEREFORE, Assignor hereby assign and transfer to Assignee, the entire right, title, and interest in and to (a) the Application; (b) any and all inventions which are disclosed and claimed in the Application; (c) any and all inventions which are disclosed but not claimed in the Application; (d) any and all improvements, developments, derivatives, and modifications to the invention deriving from the Application; (e) any and all continuation applications, divisional applications, continuation-in-part applications, requests for continued examination, and all other applications which claim priority to the Application, including, but not limited to, any and all applications filed pursuant to 37 C.F.R. 1.53; and (f) any and all continuation applications, divisional applications, continuation-in-part applications, requests for continued examination, including, but not limited, to those applications filed under 37 C.F.R. 1.53, to which the Application claims priority, and all United States Letters Patents which may be granted thereon, and all reissues, reexaminations and extensions related to the foregoing, and all priority rights under all available International Agreements, Treaties and Conventions in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) filed now, or in the future, relating to the foregoing in any foreign countries, and all patents granted relating to the foregoing in any foreign countries, and all reissues, reexaminations and extensions relating to the foregoing in any foreign country, and all rights to sue for past infringement relating to the foregoing in the United States or any other forum throughout the world; Assignor assign and transfer to Assignee the right to file applications relating to the foregoing in the United States and all foreign countries, and Assignor hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents relating to the foregoing to Assignee in accordance with the terms of this Assignment.

ASSIGNOR HEREBY covenant that, when requested, and in order to carry out in good faith the intent and purpose of this Assignment, Assignor will disclose all facts known to Assignor, or either of them, relating to the foregoing and the history thereof; Assignor will testify in all legal proceedings and do everything practicable that Assignee considers desirable for aiding in securing, maintaining, and enforcing proper patent and intellectual property protection for the same, including, but not limited to, executing all rightful oaths, assignments, powers of attorney, and other papers, as necessary, and Assignor hereby irrevocably appoint Assignee as

attorney in fact for Assignor with power to execute on behalf of Assignor any and all documents necessary to carry out the terms of this Assignment.

IN WITNESS WHEREOF, this Assignment has been executed this 21<sup>st</sup> day of May, 2008.
