including, without limitation, the rights of any kind to, or conferred by, the Patents (defined below) to (a) use or otherwise practice any art, methods, processes, and procedures covered by the Patents, (b) make, have made, use, offer to sell, sell, import, and otherwise distribute or dispose of any inventions, discoveries, products, services, technologies or services covered by the Patents, (c) otherwise exploit any rights granted in the Patents and/or any invention or discovery described in the Patents, and (d) exclude other Persons from exercising any of such rights (except for the Reserved Rights). For the avoidance of doubt, the parties acknowledge that Licensee has no right to dispose of or otherwise assign the Licensor's ownership rights in the Patents.

The "Patents" include all of the following:

(a) the provisional patent applications, patent applications and patents listed in the table set forth above;

- (b) all patents and patent applications (i) to which any of the Patents directly or indirectly claims priority, (ii) for which any of the Patents directly or indirectly forms a basis for priority, and/or (iii) that were co-owned and that directly or indirectly incorporate by reference the Patents;
- (c) all reissues, reexaminations, extensions, continuations, continuations-in-part (but only to the extent that the claims in the continuations-in-part are entitled to a priority date from a patent application otherwise included in this definition), continuing prosecution applications, requests for continuing examinations, divisions, and registration of any item in the foregoing categories (a) and (b);
- (d) all foreign patents, patent applications, and counterparts relating to any item in the foregoing categories (a) through (c), including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances;
- (e) all items in any of the foregoing in categories (b) through (d), whether or not expressly listed as Patents below and whether or not claims in any of the foregoing have been rejected, withdrawn, cancelled, or the like; and
- (f) all inventions and discoveries claimed in or that could have been claimed in any of the items described in any item in any of the foregoing categories (a) through (e) and all other rights arising out of such inventions and discoveries.

Licensor has also assigned, transferred and conveyed to Licensee all right, title and interest in and to:

- (x) rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any of the Patents and the inventions and discoveries therein;
- (y) all causes of action and enforcement rights of any kind (whether such claims, causes of action or enforcement rights are known or unknown; currently pending, filed, to be filed, or otherwise) under the Patents and/or under or on account of any of the Patents for past, current and future infringement of the Patents, including without limitation, all rights to (i) pursue and collect damages, profits and awards of whatever nature recoverable, (ii) injunctive relief, (iii) other remedies, and (iv) compromise and/or settle all such claims, causes of action and enforcement rights, for such infringement by granting an infringing party a sublicense or otherwise; and
- (z) rights to collect royalties or other payments under or on account of any of the Patents or any of the foregoing, except with respect to the Reserved Rights.

The preparation, filing, prosecution, maintenance and defense of the Patents will be under Licensee's exclusive control and discretion, in all pertinent governmental patent offices

anywhere in the world.

Licensor agrees that it will grant one or more powers of attorney with respect to the Patents to Licensee's patent cousenl or agent(s) that Licensee may designate one or more time, now or in the future. Such powers of attorney shall include the exclusive right to correspond with any patent office with repect to the Patentsbut shall not create an attorney - client relationship with such practitioners to whom Licensor grants powers of attorney pursuant to this paragraph.
