ASSIGNMENT

WHEREAS, I, Alexander F. Castellanos (Assignor), residing at:

699 South Main Street
Suite A
Templeton, CA 93465

have invented certain new and useful improvements disclosed in United States Letters Patent No. 7,074,183 entitled, "Method and system or improving vascular systems in humans using biofeedback and network data communication," issued to me on July 11, 2006 herewith.

AND WHEREAS, Alexander Francis Castellanos acting as trustee of the Alexander Francis Castellanos 2002 Trust administered from:

699 South Main Street
Suite A
Templeton, CA 93465

which is a revocable living trust (hereafter, together with any successors, legal representatives of assign thereof, hereinafter "Assignee"), desires to acquire all of the rights, title and interest in and to said improvement and letters patent held by Alexander F. Castellanos.

NOW, THEREFORE, for good and valuable consideration the receipt of which is hereby acknowledged, I have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to Assignee ALL of my rights, title and interest in and to said improvements, and said application and divisions, substitutions, continuations and continuations-in-part thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries.

AND I HEREBY covenant that I have full right to convey the aforesaid interest herein assigned, and that I have not executed, and will not execute, any agreement in conflict herewith;

AND I HEREBY further covenant and agree that all my remaining rights, title and interest in and to said improvements, and said United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries be vested in Assignee.
