as disclosed and set forth in the application prepared by us and filed (Attorney Docket No. VIS1), prefatory to obtaining a United States design patent therefore; and

Whereas, Visde Labs, Inc., a corporation organized under the laws of Illinois and having a principal place of business at 600 Davis Street, Suite 2E, Evanston, IL 60201, hereafter referred to as ASSIGNEE, is desirous of acquiring the entire right, title and interest in and to said invention, application and any Design Patent which may be granted therefore or thereupon, together with any and all divisions, reissues and extensions thereof:

Now, therefore, to all whom it may concern, be it known that, for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and in recognition of our pre-existing obligation of assignment, we, the APPLICANTS, do hereby sell, assign, transfer unto said ASSIGNEE, the entire right, title and interest in and to said invention, the aforesaid application, and any Design Patent which may be granted therefore or thereupon, together with any and all divisions, reissues and extensions thereof, all my foreign rights to said invention, and all my rights under the International Convention with respect to said invention and application, and authorize the ASSIGNEE to apply for patents in foreign countries, claiming the filing date of the U.S. application under the provisions of the International Convention. And we hereby agree to communicate to the ASSIGNEE, its successors, assigns and legal representatives any facts known to us respecting said invention, to testify at any legal proceedings relating thereto, sign all lawful papers, execute all divisional and reissue applications, make all rightful oaths, and, in addition, to execute any and all documents that may be required in order that the ASSIGNEE and its successors and assigns may make application for Patent on said invention in foreign countries in its own name. And we do hereby authorize and request the Commissioner of Patents and Trademarks to issue any Patent which may be granted for or upon said invention or application unto ASSIGNEE, in accordance with this assignment.
