ASSIGNMENT

In consideration of One Dollar (\$1.00) and other good and valuable consideration of which we acknowledge receipt, I/We

Bernard ERDL domiciled Pienzenauerstr. 84, D-81925 Muenchen, GERMANY; and
Dr. Heiner FRIEDRICH domiciled Am Geheeg 19, D-07356 Lobenstein,
GERMANY

do hereby transfer, sell and assign to **Puls GmbH**, a corporation organized and existing under the laws of Germany, having its headquarters at, **Arabellastr. 15, 81925 Munchen, Germany** and to its respective successors or assigns, my entire right, title and interest in and to my invention and corresponding United States application for patent entitled: **"Power Supply"**, the invention having been invented by us and described or intended to be described in said application for United States Patent, identified above, based on German Patent Application DE 10 2004 061 341.9 filed on December 20, 2004 (attorney docket number T2861-10946US01) as Serial No. 11/301,252 filed December 17, 2005, and

any and all applications for patent and patents therefor in the United States, including all divisions, reissues, continuations and extensions thereof, and all rights of priority existing or resulting from the filing of any and all patent applications directed to such applications; and

We hereby authorize and request any official whose duty it is to issue patents, to issue any patent on said applications, or resulting therefrom, to said **Puls GmbH** or its successors or assigns; and

We agree that upon request of either said assignee and without further consideration to us, but at the expense of said requesting assignee, we will communicate to said assignee or its representative or nominee any facts known to us respecting said applications or invention and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said requesting assignee, its successors, assigns and nominees to prosecute said applications and to obtain and enforce any patent granted for said inventions in the United States.
