ASSIGNMENT OF PATENT RIGHTS
(OCIC to Noble)

Owens Corning Intellectual Capital, LLC, duly organized under and pursuant to the laws of the state of Delaware, U.S.A. (herein referred to as "Assignor") owns the entire right, title and interest in any patentable invention(s) ("said invention(s)") disclosed in the Patent application(s) ("said application(s)") and issued patents set forth in the attached Schedule A.

WHEREAS, **Noble Composites** a corporation organized and existing under the laws of Indiana, with its principal offices at 2424 E. Kercher Rd., Goshen, In 46528 (herein referred to as "Assignee"), pursuant to an asset purchase agreement dated September 19, 2007 between Assignee and Owens Corning, the parent of Assignor, (hereinafter "APA") has acquired certain intellectual property assets from Assignor as listed in Schedule A attached hereto, including the right, title, and interest in and to said invention(s), said application(s), the patent(s) resulting therefrom, and the issued patents (collectively "said Patent(s)"), the right to file applications on said invention(s), the entire right, title and interest in and to any applications for Letters Patent of any countries claiming priority to said application(s), the right to recover damages, including provisional or other royalties, for prior infringements of said application(s) and said patent(s), and the entire right, title, and interest in and to any Letters Patent or Patents to be obtained for said invention(s) and said application(s);

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby expressly acknowledged, and subject to (i) the pre-existing licenses granted to Owens Corning Fiberglas Technology II, LLC ("**OCFT II**") as set forth in Exhibit I hereto, (ii) the pre-existing licenses granted to Amerimax Building Products, Inc. ("Amerimax") as set forth in Exhibit I hereto, and (iii) Assignee's agreement to take assignment of such pre-existing licenses with **OCFT II and Amerimax**, the Assignor does hereby sell, assign, transfer, and set over, unto the Assignee, its successors, legal representatives, and assigns the entire right, title, and interest in and to said invention(s), said application(s), and said patent(s), the right to file applications on said invention(s), the entire right, title and interest in and to any applications for Letters Patent of any countries claiming priority to said application(s), including divisions, continuations, and continuations-in-part of said application(s), the right to recover damages, including provisional or other royalties, for prior infringements of said application(s) and said patent(s), the entire right, title and interest in and to any and all Letters Patent or Patents to be obtained for said invention(s) and said application(s), the entire right, title and interest in and to any and all reissues, re-examinations and extensions of said patent(s), and all rights under the Hague Convention, the Paris Convention for the Protection of Industrial Property, and under the Patent Cooperation Treaty, the same to be held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, the Assignor is the sole and lawful owner of the entire right, title, and interest in and to said invention(s), said application(s), and said patent(s), and that the same are unencumbered (with the exception of the OCFT II and Amerimax licenses), and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives, and assigns that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives, and assigns, shall advise that any proceeding in connection with said invention(s), said application(s), said patent(s), any application claiming priority to said application(s), any reissue, continuations-in-part or extension of said patent(s), and any Letters Patent or Patents for said invention(s) or said application(s), including interference proceedings, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent or Patents for said invention(s), without charge to the Assignee, its successors, legal representatives, and assigns, but at the cost and expense of the Assignee, its successors, legal representatives, and assigns;

AND the Assignor hereby requests that any and all aforementioned patent(s) be issued to the Assignee, as the Assignee of said invention(s) and the Letters Patent or Patents to be issued thereon for the sole use and behalf of the Assignee, its successors, legal representatives, and assigns.
