Declaration Under MPEP 323.01(b)

1. I, Stanley L. Graves, am Manager of Profile, LLC, a Delaware limited liability company having a place of business at 6930 Cahaba Valley Road, Birmingham, Alabama 35242 ("Profile").
2. Armed, Inc. executed an assignment of certain patents to Profile on August 29, 2001 (copy enclosed). The assignment includes a list of patents that were assigned from Armed, Inc. to Profile. The patents relate generally to medical devices for imaging and/or measuring various anatomy of patients.
3. The list inadvertently included U.S. Patent No. 5,785,633, which is titled, "Play Apparatus with a Ball-like Body and a Saddle." Armed, Inc. had no rights in U.S. Patent No. 5,785,633 that it could assign.
4. Instead, the list should have referenced U.S. Patent No. 5,785,663, which is titled "Method and Device for Mechanical Imaging of Prostate." Indeed, the list provides this title, even though it does so in connection with U.S. Patent No. 5,785,633. The list also provides filing date and issue date information that matches that of U.S. Patent No. 5,785,663, not U.S. Patent No. 5,785,633.
5. The August 29, 2001 assignment from Armed, Inc. to Profile was also inadvertently recorded against U.S. Patent No. 5,785,633 rather than U.S. Patent No. 5,785,663.
6. As can be seen, the error in the August 29, 2001 assignment from Armed, Inc. to Profile was typographical in nature. The two seven-digit patent numbers are off by only one number (5,785,663 vs. 5,785,633). Plus, as alluded to above, the title of

U.S. Patent No. 5,785,663 is similar to those of the other assigned patents, while the title of U.S. Patent No. 5,785,633 is not. For these and other reasons set forth herein, the August 29, 2001 assignment from Armed, Inc. to Profile was effective in assigning U.S. Patent No. 5,785,663 to Profile.

7. Profile now wishes to correct the recordation of the August 29, 2001 assignment from Armed, Inc. to Profile with respect to U.S. Patent No. 5,785,663. The assignor, Armed, Inc., no longer exists, so it is not available to correct the August 29, 2001 assignment from Armed, Inc. to Profile or to execute a new assignment.

8. In accordance with MPEP 323.01(b), I sign this declaration on behalf of Profile. Please record the August 29, 2001 assignment from Armed, Inc. to Profile against U.S. Patent No. 5,785,663. Please also remove reference of this assignment from the abstract of title for U.S. Patent No. 5,785,633. This declaration is accompanied by a copy of the originally recorded papers, a cover sheet, and the required fee for the patent to be corrected.

9. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
