ASSIGNMENT by BCT Holdings, Inc. to BioArray Solutions Ltd.

IN CONSIDERATION OF payments made and obligations under agreements, and for other good and valuable consideration, the receipt of which is hereby acknowledged, BCT Holdings, inc. (hereinafter referred to as "Assignor") having a principal place of business at Suite 100, 35 Technology Drive, Warren, NJ 07059, does hereby assign, sell, grant, and convey to BioArray Solutions Ltd. (hereinafter referred to as "Assignee") with its principal place of business at the same address, and to the Assignee's successors and assigns Assignor's entire right, title, and interest throughout the world in and to:

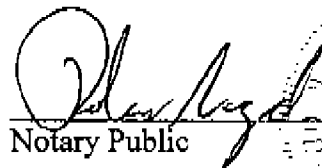

1. The inventions described and claimed in the patent applications and patents set forth in Appendix A hereto;
2. Counterpart patent applications, relating to said inventions or counterparts of the patent applications listed in Appendix A hereto, made in the United States of America or in any other country or jurisdiction; and all patents issuing from such applications for patent or like protection grants;
3. All continuation, divisional, and other patent applications or patents claiming priority to the patent applications and patents in Appendix A hereto, or to the provisional application to which these patent applications and patents claim priority, or to any substitutions, renewals, reissues, extensions, and the like of said applications and patents and like protection grants, including without limitation those obtained or permissible under past, present, and future law statutes;
4. All rights of action on account of past, present, and future unauthorized use of said inventions and for infringement of said patents and like protection grants;
5. The right to file, as appropriate, in Assignee's name or in Assignor's name, applications for patents and like protection grants for said inventions in any country or jurisdiction; and
6. Assignor covenants that the Assignor and his heirs, legal representatives, assigns, administrators, and executors will, at the expense of Assignee, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment, including assisting in filing, prosecuting, enforcing or defending the above-identified patents and patent applications, including the right to bring an enforcement action or other proceeding in the name of Assignors or join Assignors as a party in any such action.

Michael Seul, CEO

BEFORE ME, the undersigned authority, on this day did personally appear the person named above, known to me to be the person whose name is subscribed to the foregoing instrument, and

he acknowledged to me that he executed the same for the purposes and consideration therein expressed.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this 11 day of June, 2008.
