QUITCLAIM ASSIGNMENT

This Quitclaim Assignment is executed by Thomas Cunningham in his capacity as Receiver for Vent-Matic Corporation, N30 W23789 Green Road #5, Pewaukee, Wisconsin ("ASSIGNOR") with regard to certain issued U.S. Letters Patent ("the Patents"), listed in Schedule A attached hereto.

WHEREAS, in proceedings held in Milwaukee County Circuit Court, Milwaukee, Wisconsin (Silverstein v. Amidzich, Case # 04CV008072), ASSIGNOR was ordered judicially dissolved and assignment of the Patents to ASSIGNOR was rescinded retroactively, effective April 1, 2004;

WHEREAS, as a result of said Judicial order, Bradford G. Amidzich is the named inventor and 85% owner of the Patents;

WHEREAS, as a result of said judicial order, Allen Silverstein is the owner of the remaining 15% of the rights to the Patents; and

WHEREAS Amidzich and Silverstein (collectively, the "ASSIGNEES") desire to obtain a quitclaim of any right, title, and interest ASSIGNOR may have in or to the Patents;

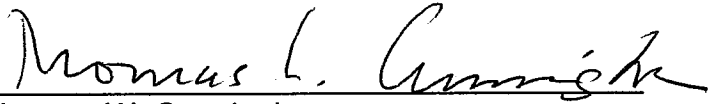

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR hereby does quitclaim, assign, transfer, and set over unto ASSIGNEES, their successors, legal representatives, and assigns, any right, title, and interest ASSIGNOR may have in or to the Patents, including all applications related thereto (including divisions, renewals, and continuations), all patents which may be granted thereon, all reissues and extensions thereof, all rights of priority under International Conventions, all foreign applications related thereto, all patents which may be granted in foreign countries, and all extensions, renewals, and reissues thereof. ASSIGNOR hereby authorizes and requests, to the extent of any right it has to do so, that the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all such patents to ASSIGNEES in accordance with the terms of this instrument.

ASSIGNOR does hereby sell, assign, transfer, and convey to ASSIGNEES, their successors, legal representatives, and assigns any claims for damages and all remedies arising out of any violation of the rights assigned hereby that ASSIGNOR may have, including those that accrued prior to the date of this assignment to ASSIGNEES and those that may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of the Patents before or after issuance.

AND, as part of this Quitclaim Assignment, ASSIGNOR makes no representations or warranties, either express or implied, as to the adequacy or sufficiency of the Patents and related applications, their freedom from defects of any kind, including freedom from any claim of patent or trade secret infringement that may result from the use thereof. This Quitclaim Assignment provides no warranties, including warranties of title.

This assignment is made pursuant to Court Order, and is subject to further order of the Court in the Circuit Court for Milwaukee County of the State of Wisconsin, Case Number 04-CV-08072.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 11 day of July
~~March~~, 2008.

Thomas W. Cunningham
Receiver for Vent-Matic Corporation
