ASSIGNMENT OF PATENT

WHEREAS, **GE Intellectual Property Licensing, Inc.**, a Delaware corporation (the "Assignor"), is the owner of record of certain applications for United States Patents as set forth on the attached Exhibit A (the "Patent Applications");

WHEREAS, **GE Analytical Instruments, Inc.**, a Colorado corporation (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to the Patent Applications and the inventions therein disclosed and any letters patent that may issue thereon;

WHEREAS, Assignor hereby authorizes Assignee to insert the filing date and application number, if necessary, when known.

WHEREAS, Assignor hereby authorizes Assignee to insert the publication date and publication number, if necessary, when known.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for good and valuable consideration, the receipt of which is hereby acknowledged by Assignor, Assignor hereby assigns to Assignee Assignor's entire right, title and interest in and to the Patent Applications and any divisions or continuations thereof, and the inventions therein disclosed, and any improvements thereon, and any patent or patents that may be issued or reissued thereon, and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any letters patent thereon, and reissues thereof, to said Assignee, its successors and assigns; and Assignor hereby authorizes said Assignee, its successors and assigns, to file in its own name applications for patents in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the patents issued thereon; and Assignor hereby agrees that, upon request, it will sign all papers, and make all rightful oaths, and do all acts which said Assignee, its successors or assigns, may consider necessary in connection with said United States applications, and in connection with any other United States or foreign applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any patents issued or reissued thereon. Assignor hereby grants Assignee the power to insert in this Assignment any further identification or information which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
