together with any applications claiming priority thereto, and any and all letters patent which may be granted from said United States Patent Application in the United States of America and its territorial possessions and in any and all foreign countries, and in any and all divisionals, reissues, continuations thereof, including the right to file foreign applications directly in the name of the ASSIGNEE and to claim priority rights deriving from said United States Patent Application to which foreign applications are entitled by virtue of international convention, treaty or otherwise, said United States Patent Application and all patents issuing therefrom to be held and enjoyed by ASSIGNEE and its successors and assigns as fully and entirely as the same would have been held and enjoyed by ASSIGNOR had this assignment, transfer and sale not been made. ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all letters patent issuing from said United States Patent Application to ASSIGNEE.

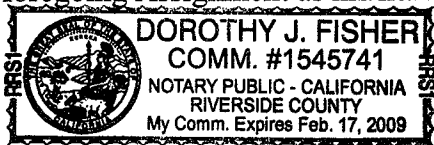

ASSIGNOR represents and warrants that it has the legal authority to enter into this Assignment. Further, ASSIGNOR covenants and agrees that, upon request of ASSIGNEE, ASSIGNOR will, at ASSIGNEE's sole expense, execute and deliver any and all papers, execute all documents and instruments and do all lawful acts as may be necessary to perfect ASSIGNEE's right and title in the United States Patent Application listed herein and any foreign letters patent and foreign patent application related to the United States Patent Application listed herein and execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent.
