ASSIGNMENT

I, David Leason, a citizen of the United States, residing at 28 Garey Drive, Chappaqua NY 10514 ("ASSIGNOR"), for good and valuable consideration acknowledged as having been in-hand paid to me by

Leason Holdings Company, LLC

A limited liability company having a principal place of business at 28 Garey Drive, Chappaqua, New York 10514 ("ASSIGNEE"), do hereby sell, assign and transfer unto said ASSIGNEE, its successors and assigns, the full and exclusive right, **throughout the world**, in and to my invention entitled:

Optical Disc Supply and Interface for Digital Copier Machine

invented by said ASSIGNOR and as described in United States Serial No. 10/649,883, filed on August 26, 2003, and the entire right, title and interest in and to any and all Patents which may be granted therefore **throughout the world**, said rights including all rights of priority, the right to bring suit and collect damages for infringements that precede this assignment, and all patents, divisions, reissues, continuations and extensions thereof, the said interest being **the entire ownership interest** in same, to be held and enjoyed by said ASSIGNEE, its successors, assigns or other legal representatives, to the full end of the term for which any Letters Patent(s) resulting from the said above-identified application may be granted, as fully and entirely as the same would have been held and enjoyed by said ASSIGNOR if this assignment and sale had not been made;

And said ASSIGNOR hereby agrees to sign and execute any further documents or instruments which may be necessary, lawful, and proper in the prosecution of said above-identified application or in the preparation and prosecution of any continuing, continuation-in-part, substitute, divisional, renewal or reissue applications, or in any amendment, extension, or interference proceedings, or otherwise to secure the title thereto in said ASSIGNEE;

And said ASSIGNOR hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any Letters Patent(s) resulting from the aforesaid application to said ASSIGNEE.

I declare under penalty of perjury under the laws of the United States of America that I have signed this document as my own free act and that all of the foregoing is true and correct.

Inventor: David Leason
