In re: Recordation of Assignment

Application No. : PCT/IB2008/052543

Filed : 25 June 2008

For : PRESENTING CONTENT

Inventors : RAI et al.

I hereby certify that this paper is being deposited with the U.S. Postal Service via First Class mail in an envelope addressed to Mail Stop Assignment Recordation Services, Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450 on this date of 12 August 2008.

REQUEST FOR RECORDATION OF ASSIGNMENT

Mail Stop Assignment Recordation Services
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir or Madam:

This requests recordation of an assignment of the captioned PCT application. A Recordation Form and a true copy of the executed Assignment are attached. It is noted that the captioned international (PCT) patent application designates the United States, as the mere filing of a PCT application anywhere automatically constitutes the designation of the United States. 37 CFR §1.432(a). A PCT application "designating the United States" means that a patent will be sought in the United States, regardless of where the PCT application was filed. 35 USC §351(e). The country code in the PCT application number merely reflects where the application was filed, and has nothing to do with which countries have been designated. It is also noted that an assignment of the PCT application may be recorded in accordance with 37 CFR §3.21 as long as the PCT application number is identified. There is no US serial number at this time, because the applicant has not yet entered the US national stage in accordance with 35 USC §371.

Respectfully submitted,

L. Friedman
